Dear Mayor Smith;

August 2016 after receiving complaints from neighbors an exterior inspection of the structure was conducted by Officer F. McHenry, the inspection showed a tree had fallen on the rear half of the structure collapsing the roof. I made contact with the owner of record and he stated that he was waiting on his insurance monies so that he could rehab the structure.

October 2016 officer F. McHenry follow-up appointment showed the structure unchanged. The inspection showed severe roof damage through most of the structure causing collapsing walls ceilings and floors, huge mold problem, the structure was determined to be unsafe, neighbors complained that people were still living in the structure.

December 2016 I started the condemnation proceedings, a notice of public nuisance along with a notice of City Council was mailed by certified and regular mail to all interested parties and also posted on the property, and advertised in the newspaper for a City Council hearing date of February 27th, 2017

I received a response from Mr. Butler stating that he is now in agreement also that the structure should be demolished.

The structure is considered to be unsafe for human habitation and is also considered to be a public nuisance, it is the recommendation of the North Little Rock Code Enforcement Department that this structure be considered for condemnation.
