Hello Mayor Hartwick,

As you may be aware, we will soon launch our first Amazon NonSort building in North Little Rock, Arkansas. As part of the launch process, we hosted over 60 members of the local Amazon leadership in a week-long leadership workshop. We had an opportunity to partner with Robert Birch, Dr. Bennett along with other esteemed panelists to serve on a Diversity, Equity and Inclusion panel. The panelists represented a variety of thought leadership and provided keen insight into DE&I perspectives from the greater NLR area.

Robert served as an outstanding partner in supporting me with identifying the panelists, aligning on the content and serving as a moderator for the event. Additionally, Dr. Bennett provided an inspirational message of hope and inclusivity for our Amazon leadership. Both Robert and Dr. Bennett were instrumental in a successful DE&I event and we appreciate their many contributions.

I wanted to let you know how much I appreciate the support that has been given to us by the City of North Little Rock. We look forward to future DE&I partnership opportunities and building a partnership with the local community.

Thank you again for your kind hospitality.

Sincerely,

Betsey Bakker
