Dear Mayor Hartwick;

March 2021 during an inspection of the area, Officer Cedric Williams conducted an exterior inspection of the above named property. The property was unsecured with signs of vagrant in the property. According to North Little Rock Utility Department, the structure has been vacant so long they no longer have a record of the last time utilities were on. Officer Williams made contact with Paul Wilson and made a request for an interior inspection. Inspection was never scheduled and Officer was not able to make any further contact with Mr. Wilson.

May 2021 Officer Ward Reese conducted an inspection of the above property and posted a Notice of City Council Date. The structure was unsecured with individuals squatting in the building; Officer Reese was able to take photos from the exterior to show the extent of the deterioration. To-date Code Enforcement has not been able to make any further contact with owners of record.

The condemnation procedures were started due to the condition of the structure. Owners and/or heirs and all interested parties were given notice of City Council for the September 27, 2021 Hearing date. Notices were mailed by certified and regular mail, legal notice ran in the newspaper, and were also posted on the property. This structure is considered to be unfit for human habitation.

This property constitutes a public nuisance; it is the recommendation of the North Little Rock Code Enforcement Department that this structure be considered for condemnation.
