3. Kenny Stephens, Safety/Traffic Services Director email re: Saunders Speed Study – performed May 23 through 31, 2023. After review of findings, no Speed Hump is needed at the location.

PRESENTATIONS

Mayor Hartwick invited Economic Development Director Robert Birch to come forward. Mr. Birch shared a PowerPoint presentation which illustrated economic growth and development in the city. In 2018, the city began a study of the East Broadway portion of the city to see what was needed to revive that area. A new Health Clinic is now under construction, along with a central commerce center and several distribution centers. Koppers, Inc. has been in the city since 1907 and is expanding. Mr. Birch referenced diversity in business types in our city and community. Two new projects will be announced in the future.

Mayor Hartwick asked Chief of Staff Mike Davis, Chief Financial Officer Ember Strange and Emergency Services Director Kim Francisco to come forward and provide a FEMA (Federal Emergency Management Agency) update related to the March 31, 2023 tornado. Chief Davis referenced information in a PowerPoint which included the following: 1,690 houses were damaged (destroyed, major, minor or otherwise affected); over 15,000 North Little Rock Electric Department customers were affected by power outages; 1,051 people were impacted by temporary school closure, 732 people were impacted when the Amboy Food Pantry was damaged (temporarily relocated to Levy Baptist Church); and 3,070 individuals were assisted at the emergency location.

Debris removal: total loads – 5,275; total cubic yards – 310,679. Right-of-way loads – 1,791; total cubic yards – 107,625. Debris removed from Parks: total loads – 3,484; total cubic yards 203,054. Chief Davis said June 21, 2023, the contractor will make another pass through the city for vegetation debris removal. Private contractors are responsible for removing construction debris where they are working.

Burns Parks damage update: 11 pavilions and 6 restrooms, 3 baseball fields (Sr. Baseball, DeJanis Field/DeSalvo Stadium and Wildcat Softball). Also damaged: BMX Track, Disc Golf, Tennis Center fencing, Soldier Memorial (corner of MacArthur and Military) and Soccer fields. Other areas with damage include: North Little Rock Woman's Club Building, Parks and Maintenance Building, Superintendent's Office, RV Park Office, Funland Concession, Funland Office and Storage, Funland Ticket Booth, BMX Concession and Amboy Food Pantry. Funland: 12 rides, train track, fencing and other equipment. Roads: Burns Park and city streets due to heavy equipment used for debris removal, storage and processing.

Also damaged/destroyed: 2 tornado sirens; Electric – 226 poles, 98 transformers and over 10,000 feet of wire. Fiber Network – City and Hydro damage. Chief Davis said some of the damage to the Electric grid was the large transmission poles owned by Entergy. Other damage included drainage issues caused by debris. Street signs were also lost and had to be replaced.

Estimated Costs listed by category below:

Category A – Debris Removal	$8.75 million
Category B – Emergency Protective Measures	$3 million
Category C – Roads and Bridges	$10 million
Category E – Buildings and Equipment	$750,000
Category F – Utilities	$5 million

Category G – Parks, Recreational Facilities & Other	$11 million
Total Estimated Costs:	$35 million

Mrs. Strange referenced the 2019 Flood and how FEMA categorizes items as referenced in the PowerPoint. Emergency Protective Measures began immediately which included police and fire and other city staff response, overtime, etc. Roads and Bridges includes all areas where (Crowder Gulf) heavy equipment was operating. The Buildings and Equipment number is lower because property located within the parks is referenced under parks (Category G). Utilities (expenses) includes 9 outside agencies which came in and helped with restoration. This includes their costs (labor, poles, line, etc.) The city continues to have meetings (weekly) with FEMA. Safety Director Kenny Stephens is working on insurance reimbursements for (covered) city property. Site inspections continue. Currently consulting with FEMA EHP (Environmental Historic Preservation). Continue to gather quotes/cost estimates and put out bids. Continue working on mitigation strategies. Mrs. Strange also went over a list of event dates/timelines. Mayor Hartwick commended all city staff for their efforts.

Mayor Hartwick invited Ms. Eve Jorgenson to come forward. Ms. Jorgenson is a volunteer leader with the Greater Little Rock Group of Moms Demand Action for Gun Sense in America which is a National organization. Mayor Hartwick provided a Proclamation proclaiming June 2, 2023, as National Gun Violence Awareness Day in North Little Rock. Events were held across the nation.

Mayor Hartwick asked Mr. Randy Sandefur to come forward and introduced him as the new North Little Rock Parks and Recreation Director. Mr. Sandfurs wife Leslie was also present.

A RESOLUTION EXTENDING THE SUSPENSION OF PERMIT FEES FOR SINGLE-FAMILY AND TWO-FAMILY RESIDENTIAL STRUCTURES DIRECTLY IMPACTED BY THE MARCH 2023 TORNADO UNTIL AUGUST 28, 2023; AND FOR OTHER PURPOSES, was read. On the motion of Council Member Robinson and seconded by Council Member Baxter, and by consent of all members present, the resolution was unanimously adopted (8/0).

R-23-120

A RESOLUTION AUTHORIZING THE MAYOR AND CITY CLERK TO ENTER INTO AN AMENDED AGREEMENT TO REHABILITATE PROPERTY FOR CERTAIN REAL PROPERTY LOCATED AT 715 EAST 14TH STREET IN THE CITY OF NORTH LITTLE ROCK; AND FOR OTHER PURPOSES, was read. A motion to adopt was made by Council Member Hamilton and seconded by Council Member Ross. Council Member Hamilton said he is familiar with this property and it has been in poor condition for at least three years. He told the owner he needed to show that some work has been done. Mr. George Mays, the owner said he was unable to pull any permits to work on the property until after the council meeting. Mr. Mays distributed packets to the council members which included photos and comments regarding improvements to the property. During the pandemic he had to keep tenants that could not pay rent which caused problems with Code Enforcement and Courts. He has now resolved that issue. Mr. Mays said he made a down-payment to a contractor for work. He referenced previous plumbing work which is not accepted by the City of North Little Rock. He will have to have new lines run. Code Enforcement Director Felicia McHenry said she is not aware of progress at this time as Mr. Mays has not contacted Code Enforcement for an inspection. She said the property has never been occupied to her knowledge. City Attorney Fields said the city entered into a rehabilitation agreement in August, 2022, which has expired. Mr. Mays is seeking a 45 day extension. Ms. Belinda Sykes-Burney moved back in the neighborhood for 15 years. There has been no one living in the house and there are no utilities on. However, there is steady traffic in and out of the house. The property is a nuisance. Mr. Mays said the pandemic did not effect this particular property, but other units that support (financially) all of his properties. Mr. Mays said the property was remodeled in 1990. Council Member Ross said she has been on the city council for 17 years. She has had more calls about vagrants and sanitation issues at this location than any other. Mr. Mays said he ran out of funds due to his wife's illness and was unable to rehabilitate the property. Council Member Ross said properties like this have a negative effect on a neighborhood. On the previous motion and all members present having voted no, the resolution failed (0/8) (*owner: Mays Property Management Inc. c/o George Mays*)

R-23-121 (RESOLUTION NO. 10576 – MAYOR HARTWICK)

A RESOLUTION REVOKING THE BUSINESS LICENSE OF PHILLIPS BACKYARD OASIS; AND FOR OTHER PURPOSES, was read. On the motion of Council Member Ross and seconded by Council Member Taylor, and by consent of all members present, the resolution was unanimously

adopted (8/0). Ms. Victoria Hensley said for two years they (residents) had to endure an annoying problem. Lately, things have settled down. She can now enjoy sitting in her back yard and thanked the Mayor and Council. (*owner: LaTasha Phillips*)

On the motion of Council Member Taylor and seconded by Council Member Hight, and by consent of all members present, the readings were suspended (8/0). Mayor Hartwick convened a public hearing. Mr. Roy Andrews said the company will bring used tractors trailer rigs in to clean up (detail) for resell. There would be no maintenance of vehicles in the area. There being no one present wishing to be heard, the public hearing was adjourned. On the motion of Council Member Taylor and seconded by Council Member Ross, and the roll having been called, and all members present having voted in the affirmative, the ordinance was unanimously adopted (8/0). Emergency clause unanimously adopted (8/0). (*applicant: Roy Andrews of Holloway Engineering*)

O-23-40
AN ORDINANCE REZONING CERTAIN PROPERTY LOCATED AT 7532 COLONEL MAYARD ROAD WITHIN THE PLANNING JURISDICTION OF THE CITY OF NORTH LITTLE ROCK, ARKANSAS, FROM R2 TO R6 ZONING CLASSIFICATION, BY AMENDING ORDINANCE NO. 9263; DECLARING AN EMERGENCY; ADOPTING AN AMENDED LAND USE FOR THE

SUBJECT PROPERTY; AND FOR OTHER PURPOSES, was read. On the motion of Council Member Taylor and seconded by Council Member Baxter, and by consent of all members present, the readings were suspended (8/0). Mayor Hartwick convened a public hearing. Several people signed in to speak against the ordinance. Mr. Drew Squires spoke for Scott Squires, Don Chapman, Jeff Chapman, Steve Knight and Todd McClanahan. Mr. Squires distributed letters from two residents opposed to the rezoning who were unable to attend the meeting. He also provided copies of court documents. He said he sold the property to someone who then sold the property to someone else. This property was involved in a lawsuit regarding a mobile home. There was never supposed to be a manufactured home of any sort on the property. He referenced a purchase agreement provided with the court documents. Following a lawsuit being filed, Judge Wendell Griffin required the trailer be removed from the location. Mr. Squires said everyone who lives around the address is opposed to the rezone. Mr. Anthony Lee and his wife Vickie reside at 1960 Clarks Drive, Conway, Arkansas. They have requested the rezone of the location they now own. When they went to Pulaski County to get permits, they were told the only permit they needed was for the perk (test). They have since spoken with North Little Rock Assistant Planning Director Donna James and Vicky Laspina with Pulaski County. They have put in a septic system and an FHA approved permanent foundation has been poured. The house has been delivered and set up. Mr. Lee said they were given misinformation regarding the jurisdiction of the property (county/city). North Little Rock Planning Director Shawn Spencer said there is a difference between Pulaski County Planning and North Little Rock Planning. The property is within the city's planning jurisdiction and is currently zoned R-2 for a single family residence. The city found out about the intent (manufactured home) when Pulaski County called because they were about to assign an address to the location. At that point, the city put a stop work order on the site. Council Member Taylor referenced another area where the property was not within the city limits at the time of development and had substandard construction which was later annexed into the city. Mr. Lee said there is a manufactured home across the road. He said they followed the guidance they were given. Mr. Lee restated this is a manufactured home on an FHA approved foundation. Council Member Baxter said he went by today and the home is on cinder blocks. Mr. Lee said the foundation is 32 feet long, 11 feet across and 12 inches deep with rebar. Mr. McClanahan said the area is beautiful. If this (rezone) is allowed, everyone else would be able to do what they want. He is next to Craig Avenue and said if you drive to the end it is a mess. Mr. Squires referenced an Agreed Order and Judgement which included "there will be no manufactured housing of any type allowed on the purchased property." Mr. Donald Chapman said he owned the land or was involved with it in the past. He developed it going west and said there is a Bill of Assurance (since the beginning). The homes in the area are $300,000.00 homes. Mr. Lee encouraged the council to visit the site. There is a junk yard before you reach the location. Next door a metal building is being used as a home. Council Member Harris said he needs to see the site. Council Member Hamilton said people move to the county for a reason. He supports housing of all types but also understands opposition of residents in the area. One photo of the structure was shown. Council Member said there are some mobile homes in the city, however, when they are destroyed they are not allowed to be replaced. Council Member Hamilton said he will defer to the council members from Ward 2. Council Member Ross referenced a

situation where a manufactured home was allowed temporarily, but then renovated to a more permanent structure. Council Member Taylor asked how this reached this point. Council Member Baxter referenced a similar situation on MacArthur which was in the territorial jurisdiction which was denied. Mr. Steve Knight lives next to Mr. Lee and met him a few times during the spring. He said he told him a few specifics about the property and what had happened in the past along with restrictions. He said Mr. Lee told him what he planned to put on the property. Mr. Knight said he suggested he talk to Mr. Squires. Council Member Taylor asked if the applicants were moving from Conway to this location. The response was inaudible as the speaker was not at the microphone. There being no one else wishing to be heard, the public hearing was adjourned. On the motion of Council Member Taylor and seconded by Council Member Ross, and the roll having been called, and all members present having voted no, the ordinance failed (0/8).
(*applicant: Anthony L. and Vickie L. Enrico*)

PUBLIC COMMENT

Council Member Robinson said the council voted to condemn (R-23-95) property at 4706 Atkins Street (aka 4705 Haywood Street). Two people had signed up to speak. Ms. Florise Blood and Ms. K. C. Coleman were invited to come forward. Ms. Blood is the Pastor of the church. They were advised the item would be considered from month to month. They have done a lot in that time. They tried to get a structural engineer but were unable to. They did get a civil engineer to come take photos of the work that has been done. They have secured the building, but have been unable to pull permits to work on the roof until after a structural engineer provides approval. They now have cooperation from the community which they did not have before. Mayor Hartwick suggested Pastor Blood get with the City Attorney to see what their options are. Officer Shay Cobbs has been assigned to work with people in the unsheltered community in the city. She is taking the place of Officer Jhailhan Rathey who was promoted to Sergeant. Mayor Hartwick said North Little Rock will celebrate Juneteenth next week. Garbage, trash and recycling routes will be delayed one-day all week.

There being no further business to come before the Council, and on the motion of Council Member Ross and seconded by Council Member Hamilton, and by consent of all members present, the meeting was adjourned at 7:26 p.m. (8/0), until the next regularly scheduled meeting to be held on Monday, June 26, 2023, at six o'clock p.m. in the City Council Chambers in City Hall, located at 300 Main Street, North Little Rock, Arkansas.
