1	Roland VersaCamm SP300 Large Format Printer. Printer uses ECO0Sol Max ink cartridges – they are available from Roland and other Manufacturers. Four ink cartridges will come with the printer. (one blue, one magenta, one black and a cleaning cartridge).	Printer is in fair condition, it is 15 years old. Currently, there are two ink lines that are clogged (magenta & yellow). Blue and black still work. The printer will print now and everything else is working.
