Dear Mayor Smith:

Thank you so much for the support that you have given the North Little Rock Fire Department. We were honored by your attendance at our Station 11 opening.

As you know, families and businesses in our community depend on NLRFD for fire protection and emergency medical care every day. Although crucial, these are not the only forms of our service. The NLRFD has always been there to help with the smallest to the most overwhelming needs of our neighbors. A fire station in their community brings about a sense of reassurance to our neighbors that we are only moments away.

With your generous support, we will be able to help these families and businesses not only to meet essential daily emergency needs, but to work toward a safer future with programs in fire prevention and public education. Shorter response times not only save lives and property, but also heighten the safety of the responding firefighters.

To see that your efforts are making differences in the lives of so many in our community, we invite you to follow North Little Rock Fire Department on Facebook. You can also find information on our upcoming events for this year and volunteer opportunities by visiting our website at www.nlr.ar.gov.

Thank you again, and we look forward to your continued support.

Sincerely,

Jim Murphy

Fire Chief
