Re: Notice of resignation

Dear Mayor Smith:

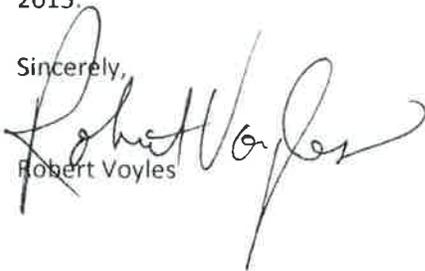

July 17 will be my 26th anniversary with the City of North Little Rock. Since joining the City in 1989, I have tried each day to find ways of improving our City and the region. I believe during this time, the City team has had more successes than failures.

The Director of Planning must make decision each hour and many of these may strain the community as each decision deals with impacts on private property or the things people wish to do. The Director must weigh these requests against established rules and goals, applying some degree of common sense and reason. I may have made decisions that some may have perceived as being incorrect but I have always made those with reason and with the best interest of the City in mind.

I want to thank you for including me in your administration as I know you could have easily chosen another for this position. It has been my pleasure serving with you these many years. I have, without solicitation, been offered a position in the area that will offer me part-time employment and something to allow me to ease into retirement.

Please accept this letter as notice of resignation. I propose my last day as a City employee to be July 31, 2015.

Sincerely,

Robert Voyles
