Executive Summary:

The North Little Rock Stable Communities Consortium is comprised of action-oriented entities with a history of successful implementation and community development efforts in housing and economic revitalization for local neighborhoods. A partnership among social enterprising entities including Habitat for Humanity of Pulaski County and Argenta Community Development Corporation, paired with local government agencies, the City of North Little Rock and the North Little Rock Housing Authority, ensures representation of both traditional and non-traditional sectors and creates a coordinated regional action team with a clearly defined geographic focus. The administrative and oversight experience shared by Consortium partners includes counseling, enforcement and maintenance, grant administration, auditing and policy development, and public awareness. Each member understands its responsibility to the success of this endeavor and has committed to share its best efforts in the fiscal and programmatic management for the grant's administration.

The Consortium plans to purchase 30 abandoned or foreclosed houses to rehabilitate/reconstruct and sell or rent to households whose income is below 50% of median income, purchase approximately 6 abandoned or foreclosed houses to rehabilitate and sell or rent to households whose income is no more than 120% of median income, and purchase 16 abandoned or foreclosed houses to reconstruct and sell or rent to households whose income is no more than 120% of median income. We also plan to demolish 37 non-acquired abandoned or foreclosed blighted structures; and purchase and demolish approximately 11 abandoned or foreclosed blighted structures with 4 of the resulting vacant lots to be donated to a non-profit group for use as community gardens, 1 lot to be donated to a public school, 1 lot to be donated to a non-profit for the benefit of veterans, and 5 lots to be donated to homeowners in the target area as side lots. Additionally, the consortium will provide gap financing for eligible households purchasing homes.

Target Geography:

NSP2 funds will assist the Consortium in creating safe, quality, and affordable housing in census tracts 30, 26, and 29 within a 3 year period through the advancement of measurable goals. Although the issue of foreclosure is present in the targeted areas, high vacancy rates and abandoned and blighted properties have been identified by community needs assessments and HUD as primary factors influencing the need for coordinated stabilization efforts.

Program Approach:

The Consortium members share a philosophy that with a joint effort, their combined capacity to create large scale impact across local communities will be greater and will offer sustained, long-term progress. The overall goal of the NLRSC Consortium is to transform and stabilize neighborhoods through comprehensive and inclusive strategies that will encourage physical transformations, economic revitalization, and improved quality of life for residents in the targeted Baring Cross and Holt areas. Primary activities proposed are:

- Acquisition and Rehabilitation
- Acquisition and New Construction
- Redevelopment of Blighted Properties
- Green Building Initiatives
- Homeowner Preparedness and Savings
- Code Enforcement Collaboration and Demolition
- Financial Counseling and Debt Management
- Economic Investment and Community-Based Enterprising Opportunities

Action Plan Comments:

Reviewer - I have reviewed the City’s NSP Action Plan per HUD’s NSP Checklist, and I have returned your AP for modifications to improve chances for immediate approval. Moreover, the City’s AP narrative summaries in DRGR should substantially mirror the City’s approved NSP2 application. Please revise the NSP2 AP in DRGR to address the following.

1. Designate NSP2 eligible-use categories (Administration, Financing Mechanisms, Land Banks, Demolition, etc.) as Projects for grouping Activities, and assign NSP Activities to pre-established Projects. This AP protocol will facilitate review of the AP, and simplify day-to-day operation of the DRGR System.
2. Ensure that the amounts budgeted for Projects are equal the total NSP2 grant award.
3. Ensure that the amounts budgeted for Activities within each Project are equal to the respective Project budget.
4. Ensure that the City has established Activity budgets for all of the Activities that the City will carry out directly.
5. Ensure that distinct DRGR Activities are established for each Consortium member .
6. Ensure that each Activity meets a National objective.
7. Ensure a listing of every multifamily property that will be funded by an NSP2 activity.
8. Ensure selection of accurate Performance Measurements that correspond to the Activity type and the HUD approved Neighborhood Stabilization Plan.
