The Senior Citizens Commission meeting was called to order by Dick Blankenbeker at 3:00 PM.

Present were: Robert Barnes, Virginia Raum, Dorothy Romes, Dick Blankenbeker, Dick Giddings, Marleene Calvin, and Murry Witcher. Eddie Powell and Belinda Snow were absent. A quorum was declared.

A motion was made by Murry Witcher to excuse absences. The motion was seconded by Virginia Raum. Motion passed unanimously.

A motion was made by Dick Giddings to approve the minutes of the previous meeting. The motion was seconded by Murry Witcher. Motion passed unanimously.

Hays Center Director, Bernadette Rhodes, gave a brief overview of the financial information and bank accounts reporting that all financials are in good order. The budgeted $90,000 has been transferred to the Hays Center’s reserve fund, which is now reflected in the budget statement. Revenue is ahead of budget, with $76,539 having been collected year-to-date compared to the $72,400 projected. The lunch program is contributing to the increased revenue. Commission members asked Ms. Rhodes to change Outreach’s Simmons Bank account type in order to remove the monthly fee. Dick Giddings made a motion to accept the financial information, which was seconded by Murry Witcher. The motion passed unanimously.

Ms. Rhodes gave a program update, including a review of her staff report to the Mayor. The program memo and staff report are attached. Staff is exploring options for membership management software, and has found an option, Schedules Plus, built specifically for senior centers that offers membership, facility, and volunteer management functionality for the same price as the current membership software. Staff is working with the vendor to see if Schedules Plus will be able to automatically operate the unstaffed north access door.

The City has new payroll software, Novatime, with a new time clock system. The system has been implemented at the Hays Center and is working well.

Ms. Rhodes updated the Commission in regards to building maintenance. The Center has one broken elliptical for which parts are no longer available. Ms. Rhodes is obtaining quotes for new equipment and attempting to get a credit from the vendors for the used machine.

Taggart Architects has provided patterns and samples for new gallery furniture and ballroom floor. Staff is narrowing down the selections and will present to the Commission at the next meeting.
Ms. Rhodes informed the Commission of several complaints about the pools’ cleanliness. She is in communication with the pool management company regarding this issue.

Mr. Rhodes informed the Commission that the Center’s Weekend Program Coordinator, Lawrence Green, has resigned. The position will be posted.

Open comment: none.

A motion was made by Murry Witcher to adjourn. The motion was seconded by Marleen Calvin. The motion passed unanimously. The meeting adjourned at 3:20 pm.

Memo To:  
North Little Rock Senior Citizens Commission  
From: Bernadette Gunn Rhodes  
Memo Date: May 16, 2018

Thank you for making time to meet on Monday, May 21st so we won’t miss a meeting due to Memorial Day. We always have plenty to talk about!

We held our annual Volunteer Appreciation Luncheon on Thursday, May 10th in the ballroom. Thanks to many of you for being here. It was a delicious lunch catered by Whole Hog, and our keynote speaker was 2018 NLR Senior Citizens Hall of Fame inductee, Erma Wilbert. We had about 160 people in attendance. We received good feedback on the food and program. Our Volunteer of the Year was Leigh Hayes of NLR Friends of Animals, and our Program of the Year was the Police Athletic League.

Our programs are going well. Our Tuesday lunches have been delicious and are averaging a $50 profit per week. The last three meals have been especially popular: omelets, stuffed bell peppers, and kefta (Mediterranean meat kabobs).

We are currently in the middle of a 6-week diabetes education course, taught by Baptist Health. It has been getting great participation with approx. 22 participants per week.

Regarding facility improvement, I accepted a quote from Bell Construction for $6,080.00 to fix the aluminum frames in the ladies’ locker room and aerobics pool. I am working with David Bell to determine how to get the job done with minimal disruption to our pool users.

The Keiser machine has been rewired and is back in service.

The City’s Master Plumber has fixed the two leaks below the sidewalk identified by American Leak Detection last year. The City’s sidewalk contractor, Tom Brooks, has filled the sidewalk back in. I will be tracking our sprinkler bills to see if we see substantial savings compared to last year. I am still waiting for the drain in the landscaping by the North Door to get unclogged by the Street Department.

We have hired Taggart Architects to advise us on reupholstering/replacing our lobby and gallery furniture and choosing a new ballroom floor. We are meeting about possible furniture patterns this Thursday. We will also review floor samples, as the first sample recommended was too dark and didn’t go with our reddish wood doors and trim. I will show you the proposals with cost, patterns, designs, etc. before making any decisions.

I have decided to wait until later in the year to price out new TVs for the workout area. We have bigger capital improvement priorities for 2018.
I will be on vacation from May 26-June 9. My family and I are heading out west, first to Denver, then through Yellowstone and on to Missoula, MT for a wedding. Susan will be your contact in my absence.

I look forward to seeing you on May 21st.
