Mayor Smith announced citizen public comment on legislation. Pastor Earl Graham spoke against O-18-30 and referenced communication #5. The church's priority is to its congregation. They have concerns with how access to the property would affect them, their members and attendance. Pastor Graham said the church will move to have a street named in honor of long time Pastor O. C. Jones in July (2018). Pastor Jones has served the church for close to 60 years. Council Member Witcher asked

if there had been any construction or dirt moving within the past few weeks. Pastor Graham said none that he was aware of. Mr. Jerome Green is President of Shorter College. Mr. Green spoke regarding O-18-42 and referenced members of the Board of Trustees and Administration who were present. Shorter College was founded in 1976 by the African Methodist Episcopal (AME) Church. The college and church have worked to make positive improvements to the city. A new building will be the headquarters for the 12th Episcopal District of the AME, for the states of Arkansas and Oklahoma. Mr. Green said the college supports the development of a Sign District along Locust Street, which is commercial use. Reverend Green also spoke in support of O-18-42 and thanked the city council for their support. Mayor Smith said the AME Church has done a lot in the community and Shorter College is a place to be proud of. Mr. James Ard spoke regarding O-18-43. He has no issue with the request. PUBLIC COMMENT

Mr. Larry Westmoreland is with The Veterans Land Bank. He spoke to the city council in February and has met with the Mayor about getting some property for veterans. He is working with a real estate agent who has several veterans who have been pre-qualified. He is unclear as to the procedure on how to get property transferred to the veteran. Mayor Smith recalled their meeting and said he understood they were going to start small and identify some properties. He said the city is waiting for the properties to be identified. Mr. Westmoreland said they are looking at a couple of properties. Mr. Robert Birch, Special Assistant to the Mayor is working with Mr. Spencer on getting an updated list of properties. Council Member Ross asked if a lot was donated to the Veterans Land Bank, would they then build a house on the lot and provide the loan to the veteran. Mr. Westmoreland said the veteran would have to apply for the loan in his/her name and then the house would be built in that person's name. Council Member Ross asked how this was different from buying a house. Mr. Westmoreland said they are able to reach some of the veterans who are not very sophisticated in lending practices. They (Veterans Land Bank) provide credit counseling to make the veteran bankable. Mayor Smith said the donation of land would go towards the equity in the property. Mr. Westmoreland said they also renovate dilapidated structures. Council Member Robinson said she didn't think the city owned any residential properties. Mr. Westmoreland said there is property on 51st Street that they are interested in. Council Member Witcher said Home Depot has a Veterans Aid program where they help veterans build homes and donate materials. Mr. Bobby Taylor said neither council member (from his Ward) nor the Mayor attended their last Neighborhood Crime Watch meeting. Mayor Smith said he spoke to the President of the association who said they were not prepared for him to attend. Mr. Taylor said a lot of questions were asked about drainage, standing water, trash, inoperable vehicles, etc. Mr. Taylor said he hasn't heard anything back about the recycling bins. He has also contacted the

(State) Highway Department about an area in Rose City. Council Member Robinson referenced an email she had received from the City Engineer which provided an update regarding an intersection (by Shotgun Dan's at Highway 70 and 165). The State Highway Department is aware of the intersection, and the location is on their list to be completed. Council Member Taylor said (Highway) 391, Faulkner Lake Road, 165, 70, and 161 are all State or County Highways. They are not under the jurisdiction of the City of North Little Rock. Mr. Ard said the Mayor's wife Missie Smith was in attendance at the meeting. Mr. Ard said council members sometimes have to vote against their constituents. Council Member Robinson said a constituent asked if the city would provide large trash cans to every resident. Mayor Smith said Regional Recycling is wanting the city to go in that direction. Recycling contamination in recycling is a lot higher in our city than in the Cities of Little Rock and Sherwood, which use the containers. North Little Rock looked into this 20 years ago. The city would have to change the type of equipment (trucks) it uses. The city just purchased two (2) new trucks and three (3) are under 3 years old. This will be something the council will need to consider in the future. Council Member Hight said a resident in Ward 4 off of Kierre purchased a Waste Management Bagster to put his household waste in. He talked to Mr. Harold Ford, Sanitation Director who agreed to pick it up. Council Member Ross reminded the public that sanitation will run one-day delayed all week due to the holiday.

There being no further business to come before the Council, and on the motion of Council Member Ross and seconded by Council Member Robinson, and by consent of all members present, the meeting was adjourned at 7:07 p.m. (8/0), until the next regularly scheduled meeting to be held on Monday, June 11, 2018, at six o'clock p.m. in the City Council Chambers in City Hall, located at 300 Main Street, North Little Rock, Arkansas.
