SPECIAL CALL O-19-63 (ORDINANCE 9124 – MAYOR SMITH)

AN ORDINANCE AMENDING ARTICLE 21 (TABLE OF PERMITTED USES) OF ORDINANCE NO. 7697 (THE NORTH LITTLE ROCK ZONING ORDINANCE) TO ADD AND ALLOW “SOLAR ENERGY FARMS” IN I-2 AND I-3 ZONES AND AS A CONDITIONAL USE IN I-1 ZONES; DECLARING AN EMERGENCY; AND FOR OTHER PURPOSES, was read. A motion to

waive the readings was made by Council Member Hight and seconded by Council Member Baxter. Mayor Smith advised in the past, the city has been in discussions with developers who are interested in building solar farms. When the city has the opportunity to visit with potential developers, multiple city departments are involved. Current zoning laws do not allow for solar farms. Council Member White asked about the appearance of a solar farm. Mayor Smith said it consists of a large field with multiple solar panels. A small farm could include seven (7) acres. Council Member Robinson said there are some I-1, I-2, and I-3 zones that are close to residential neighborhoods. She referenced the Glenview community as an example and asked that (residential) communities (and the residents) be considered. Mayor Smith said a solar farm is a quiet (business) neighbor and produces no noise or traffic. Council Member Hight said he has seen a lot of solar farms along highways across the south. Council Member Ginn asked if this (legislation) included Windmill farms. Mayor Smith said this area doesn’t have enough wind to support wind power. On the previous motion, and by consent of all members present, the readings were suspended (8/0). A motion to adopt was made by Council Member Taylor and seconded by Council Member Hight. Mayor Smith convened a public hearing. There being no one present wishing to be heard, the public hearing was adjourned. On the previous motion, and the roll having been called, and all members present having voted in the affirmative, the ordinance was unanimously adopted (8/0). Emergency clause unanimously adopted (8/0).

PUBLIC COMMENT

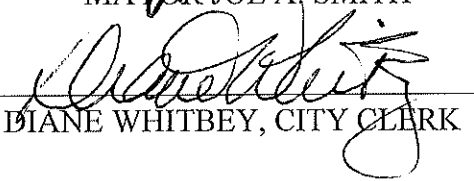

Mr. James Ard said a lot of unlicensed businesses are working on weekends without business licenses. This past weekend, a roof was installed on a house by a church. The home owner got a permit (from Planning) and then threatened Mr. Ard. Mr. Ard said business owners need to have a business license. A future mayor may require a garbage (sanitation) fee as a source of revenue to make up the difference. Code Enforcement employees take their (city issued) trucks home and should be able to go

out on the weekend. Ms. Sydney Rasch has been a resident of the city for five years. She is registered voter and a law student at UALR. She is also the Interim President of North Little Rock Friends of Animals. Ms. Rasch referenced North Little Rock Municipal Code 10-46 – banning pit bull dogs. Last week the City of Cabot repealed their ban with a more reasonable alternative which mirrors (North Little Rock's) current vicious dog ordinance. It includes requirements for pit bull owners to have additional home owner's liability insurance in the event their dog bit someone, (yearly) registration of the dog, current vetting (rabies vaccination). The current vicious dog ordinance addresses the majority of the issues which are bad (dog) owners. The current breed ban is not effective. Council Member Ginn said her neighbor was walking her dog a couple of weeks ago on Glenmere (off of McCain) when a pit bull mix (dog) jumped a fence and knocked her down. She had to go to the hospital. The dog also attacked the lady's dog which sustained injuries (from the other dog) requiring veterinary treatment. The dog owner did cover the woman's medical expenses and the vet bill. Ms. Brittany Wood spoke about the pit bull breed ban. She said there are aggressive pit bulls, but are also aggressive pets of every breed. She works with dogs daily and has never had an issue with pit or pit mixes. She has been bitten by Chihuahuas, Terriers, and Shepherds with issues. A breed ban against pit bulls is archaic and misinformed. If the goal is community safety, then the existing vicious dog ordinance is enough. Hundreds of dogs are euthanized because of their breed when they could be adopted out to good homes. Mr. Charles Witcher spoke about the trees at his home. He said no one contacted him or came out. Limbs continue to fall. Mayor Smith said he drove by Mr. Witcher's house and looked at the trees. A lot of trees are falling due to all of the rain. Mayor Smith asked Mr. Witcher to give Chief of Staff, Danny Bradley the pictures he brought to the meeting. Mr. Nick Franke spoke regarding the North Little Rock Airport. He has been unable to find \$50,000.00 referenced previously in either the North Little Rock City Budget or the Airport Budget. Mr. Franke said commissioners have term limits, however, members of the Airport Commission have continued to serve past their deadlines. Term limits are to keep viable, present and new commissioners involved. Mr. Franke also referenced the Federal Aviation Administration Airport Compliance Manual Order 5190.6B and set policies. Mr. Lynn Dereuisseaux, International Association of Fire Fighters (North Little Rock) referenced an email he sent to Mayor Smith this date. Mr. Dereuisseaux said (their) representatives have met with Chief Bradley, Chief (Gerald) Tucker and Chief (Beau) Buford. Union members were provided the proposal(s) and polled within the last five days. He said they might be able to reach an agreement if members could accrue vacation and discretionary leave after fifteen years of service. Members are okay with the overtime cycle and being knocked out of scheduled overtime for time off. They would also like to discuss a catastrophic leave policy with regard to sick leave. Council Member Hight said he encountered multiple people riding scooters along the trail in the city. Some of the riders almost hit bikers and pedestrians. The riders rode the scooters down the trail to the Rockwater Marina parking lot where they left them. Mayor Smith said he also encountered a large number of scooters on the trail. The city is researching scooter usage in other cities and towns around the country. Council Member White said she was almost hit by a scooter rider when she left City Hall recently following a council meeting. Mayor Smith said golf carts can be programed to stay on a path. It may be possible for the scooters to be programed to stay within a certain area. Ms. Whitbey advised

motorized vehicles are not allowed on city sidewalks. Ms. Fields advised motorized vehicles are prohibited from parks trails as well. Ms. Whitbey advised the second City Council meeting in May is scheduled for Monday, May 27, 2019, which is the Memorial Day holiday. Mayor Smith asked council members if they would like to reschedule the meeting to Tuesday, May 28, 2019. All agreed. Mayor Smith said there will be a Tree Planting in honor of National Arbor Day on Friday, April 26, 2019, at 2:00 p.m. in the Laman Plaza and the public is invited. Mayor Smith said *Arkansas Business* highlighted North Little Rock's efforts on Economic Development pertaining to the North Little Rock Airport. Airports in other cities mentioned included Bentonville, Conway and Hot Springs. Council Member Ross said Saturday, May 4, 2019, is the date of the annual Keep North Little Rock Beautiful Cleanup and encouraged people to participate.

There being no further business to come before the Council, and on the motion of Council Member Hight and seconded by Council Member Ross, and by consent of all members present, the meeting was adjourned at 7:00 p.m. (8/0), until the next regularly scheduled meeting to be held on Monday, May 13, 2019, at six o'clock p.m. in the City Council Chambers in City Hall, located at 300 Main Street, North Little Rock, Arkansas.
