On the motion of Council Member Ross and seconded by Council Member Taylor, and by consent of all members present, the readings were suspended (8/0). A motion to adopt was made by Council Member Robinson and seconded by Council Member Taylor. Council Member Ross said this transaction goes back to April, 2009 when roadway was widened. The property is at the corner of Locust and 47<sup>th</sup> Street, near the school. The city sold Mr. Frasier a portion of the property because he has maintained it for several years. A clause in the ordinance authorizing the city to repurchase the property could be a deterrent if he (Mr. Frasier) sells the property in the future, therefore, that section is being removed.

On the previous motion, and the roll having been called, and all members present having voted in the affirmative, the ordinance was unanimously adopted (8/0). Emergency clause unanimously adopted (8/0).

On the motion of Council Member Harris and seconded by Council Member Baxter, and by consent of all members present, the readings were suspended (8/0). A motion to adopt was made by Council Member Baxter and seconded by Council Member Taylor. Council Member White asked why the sidewalk waiver was requested. Council Member Harris said the landscape is steep. Council Member White asked if there was future potential to building on that side of the road. Council Member Harris said something could be built on the first two lots in the curve. The other area is too steep. Mayor Smith said once you go past the two lots referenced, it's too steep going up the hill. Council Member Ross asked if there were any other sidewalks in the area. Council Member Harris said there are sidewalks on White Oak. The other issue would require bringing in dirt (fill) to bring it to grade. Council Member Ross referenced "Snake Hill" and asked if sidewalks would be allowed under ADA (Americans with Disabilities Act). Planning Director Shawn Spencer said there would be ADA requirements. Most likely a sidewalk as described would not be ADA assessable. On the previous motion, and the roll having been called, and all members present having voted in the affirmative, with the exception of Council Member Ross who passed, and Council Member White, who voted no, the ordinance was adopted (6/1/1). Emergency clause unanimously adopted (8/0). Council Member Ross asked if the city allows sidewalks to be built that are not ADA (compliant) now. ### **PUBLIC COMMENT**

Council Member Harris said he was at the Levy Jump Start Program where residents brought in letters regarding a Service Line Warranty (program through National League of Cities). He said the city should provide information to residents about this program. Mayor Smith said about 4,000 residents are members of the program. Council Member Taylor said the program is about to be expanded to include additional home warranties. Contractors are local business owners. Mr. Allen Coleman lives at 13 Bradburn Road. He in a cul-de-sac with five houses. The resident at 21 Bradburn Road has a lot of cars. Most of them are parked in the street. These vehicles are an obstruction and have been in the neighborhood for some time. There is mud and grass growing under the vehicles. He said when he lived in Little Rock their Code Enforcement took care of issues like this. He asked that the city look into the issue. Mr. Coleman has talked with Code Enforcement and the Police Department. Council Member Taylor said “no parking” signs have been installed. Mayor Smith asked if the vehicles start. Mr. Coleman said they do now, but did not always. (Mr. Coleman spoke with Assistant North Little Rock Police Chief Tracy Roulston after the meeting.) Council Member Ross said she has received a lot of emails regarding the first Food Truck Court in the city and looks forward to it opening. Council Member White approached the podium where she announced that she would not seek reelection to City Council. She referenced a quote from her pastor and said her time serving on the council is

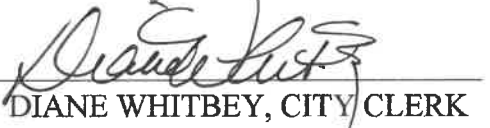

complete. She said she was grateful for the opportunity to serve and will continue to do so until the end of her term in December. She thanked her family and supporters.

Mayor Smith said the stock and bond markets were effected by drops during the past couple of days. In talking to Stephens, Inc. about the possibility of refinancing an existing bond debt, the city could save over \$750,000.00 over the next five (5) years, which is about \$175,000.00 per year. Everything is volatile. The bank that will give this price said if they had a verbal commitment, they would hold the price until the next council meeting. Therefore, Mayor Smith proposed a voice vote on a resolution *authorizing the offering of bonds by the City of North Little Rock, Arkansas to refund certain outstanding Electric System Revenue Bonds; and prescribing other matters pertaining thereto.* Council Member Ross asked if this extended the length of the bonds. Mayor Smith said there is no extension. It would still pay out in 2025. Mayor Smith then asked for a voice vote, at which time all members present voted “aye”. There were no negative votes.

Mayor Smith recognized North Little Rock Police Chief Mike Davis who is retiring from the Police Department. A reception will be held for him Thursday, February 27, 2020, at the Patrick Henry Hays Senior Citizens Center at 2:00 p.m. Mayor Smith said he has done a great job and will be missed.

There being no further business to come before the Council, and on the motion of Council Member Ross and seconded by Council Member Hight, and by consent of all members present, the meeting was adjourned at 6:41 p.m. (8/0), until the next regularly scheduled meeting to be held on Monday, March 9, 2020, at six o’clock p.m. in the City Council Chambers in City Hall, located at 300 Main Street, North Little Rock, Arkansas.
