The meeting came to order at 1:30 PM. A quorum was present.

The Friends of the Old Mill's Master Gardeners requested funding for a special project. The project is for hardscaping West of the waterfall feature at the old mill. Currently that ground is bare and hard to maintain due to the steepness of the grade. The hardscaping project will do some terracing and installation of rocks to slow water down the slope, make it easier to garden and maintain, provide locations for photographers to get pictures of the Old Mill from good vantage points, provide large rocks for seating, and help keep people off of the waterfall feature. The applicants have been working with Blue Lizard Landscaping. The request was for \$ 11,665. After discussion, Bubba Earnhart made a motion to allocate the remainder of the CBC's 2022 budget of \$ 10,896 to the FOM/Master Gardeners. Betsy Davies seconded the motion and it passed unanimously.

The meeting adjourned at 1:55 PM.
