The meeting came to order at 1:30 pm. A quorum was present.

A grant application from the Argenta Downtown Council for \$8203.60 for tulips and hanging baskets was discussed. Susan Langley moved approval for the application and Betsy Davies seconded the motion. It passed unanimously.

A discussion was held about a City Beautiful Commission grant given years ago to the Argenta Community Development Corporation to plant crepe myrtles and shrubs at the 7th Street curve to screen the railyard. The plants have all done well and they now need pruning. During discussion Chris Kent was asked to talk to Don Chambers about the possibility of the ACDC hiring someone to trim the trees and shrubs.
