Approval of the Minutes of the May 9, 2017 Committee Meeting

NORTH LITTLE ROCK WASTEWATER TREATMENT COMMITTEE

MINUTES OF A MEETING HELD TUESDAY, MAY 9, 2017

A meeting of the North Little Rock Wastewater Treatment Committee was held on Tuesday, May 9, 2017 at the administrative offices located at the Faulkner Lake Treatment Plant.

The meeting was called to order by Chairman Matthews at approximately 12:15 p.m. Those in attendance at the meeting were Mr. K.W. Matthews, Mr. Clark McGlothlin and Ms. Karen Bryant, and in addition, Mayor Mike Watson from the City of Maumelle and Mr. Jack Stowe, representative from the City of Maumelle. Also in attendance were Mr. Marc Wilkins, Director, Ms. Gina Briley, Mr. Charles Frost, Mr. Ronnie Thompson, Mr. Lyle Leubner, Ms. Shannon Wayson, Mr. Sam Hilburn with Hilburn, Calhoon, Harper, Pruniski & Calhoun, Ltd. and Dawn Harmon.

First, the Committee reviewed the minutes of its April 11, 2017 meeting. After review, a motion was made by Mr. McGlothlin, seconded by Ms. Bryant, to approve the minutes of the April 11, 2017 meeting as submitted. The motion carried unanimously.

Next, the Committee reviewed the cash disbursements for April 2017. After a brief explanation of check number 41265 to *Pine Bluff Commercial* for annual publication of the 2016 unaudited financial statement, a motion was made by Mr. McGlothlin, seconded by Ms. Bryant, to approve the cash disbursements for April 2017 reflecting total cash disbursements of \$1,743,449.48 and transfers between accounts of \$1,132,666.67. The motion carried unanimously.

Upon motion made by Ms. Bryant, seconded by Mr. McGlothlin, the Committee unanimously approved the Financial Statement for April 2017.

Bids for the 2017 auxiliary generators and transfer switches were opened on Thursday, April 20, 2017 at 10:00 a.m. with six (6) bids being received. The project consists of installing seven generators and automatic transfer switches at the following pump stations:

Eureka Garden	20 kW
Seminole West	20 kW
CCA Ballfields	20 kW
New Bedford	20 kW
Clayton Chapel	30 kW

Gap Creek
Seminole East

25 kW
150kW

Nease Electrical, Inc. of Hot Springs, Arkansas submitted the low bid in the amount of \$207,572.00. It was noted that this item is included in the 2017 budget at a cost of \$380,000.00. After discussion, a motion was made by Mr. McGlothlin, seconded by Ms. Bryant, to authorize the staff to enter into a contract with Nease Electrical, Inc. of Hot Springs, Arkansas for the 2017 auxiliary generators and transfer switches project in the amount of \$207,572.00. The motion carried unanimously.

The Committee then continued its discussion with regard to the Computerized Maintenance Management System (CMMS). At the last meeting, Mr. Smith asked the Committee and staff to table this matter for further review of the costs. After further research, the evaluations and interviews again led the staff to select the proposal of True North Geographic Technologies, LLC for the implementation of a Cityworks CMMS. Software and computer consulting costs to implement a Cityworks CMMS are projected to be \$146,550.00. After much discussion, Mr. McGlothlin asked that this matter be tabled again until the full Committee could discuss the costs (implementation and continuing) of the CMMS. He stated that it was his opinion that the costs were excessive and ongoing.

Mr. Wilkins then updated the Committee on the White Oak Interceptor Phase II issue. He advised that Marlar Engineering Co., Inc. has secured two (2) appraisals on the properties and has a verbal agreement of settlement with T. Wright and J. Wilson on the County Club property. The Jackson family and Mayberry family have hired the same attorney and are in the process of negotiations.

Mayor Mike Watson of Maumelle was present at the meeting and advised that the City of Maumelle was in the need of a flusher truck. Mr. Wilkins stated that he has been in communication with the Mayor of Maumelle and recommends that the Utility give to the City of Maumelle a used flusher truck along with any of the surplus equipment that the Utility does not have a use for. After discussion, a motion was made by Mr. McGlothlin, seconded by Ms. Bryant, to give to the City of Maumelle a used flusher truck along with any of the surplus equipment that the Utility does not have a use for. The motion carried unanimously.

Next, Mr. Wilkins informed the Committee that he has retained the services of Marlar Engineering Co., Inc. to put together a bio-solids disposal plan for the Maumelle lagoon. This was part of the agreement with Maumelle when the Utility took over their system.

A motion was made by Ms. Bryant, seconded by Mr. McGlothin, to excuse the absence of Mr. Nelson and Mr. Smith from the meeting. The motion carried unanimously.

There being no further action to come before the Committee, a motion was made by Mr. McGlothin to adjourn the meeting. The motion carried unanimously, and the meeting was adjourned at approximately 12:35 p.m.

APPROVED AS TO FORM:

RESPECTFULLY SUBMITTED,

K. W. MATTHEWS, CHAIRMAN

SYLVESTER SMITH,
VICE-CHAIRMAN/SECRETARY

HEALTH CENTER CONTRACT

The contract for renewal of health care services from the Change Center for Health has been received. The current contract will expire June 30, 2017. Health care services provided include immunizations, routine office visits, annual physicals and lab tests. Also provided are services for the Utility for pre-employment physicals, department of transportation physicals, workers compensation visits and flu vaccines. The agreement has an annual cost of \$39,018 for 95 employees for the period July 1, 2017 through June 30, 2018. There is no change in the cost of the total contract. This item is included in the 2017 budget in the amount of \$40,200.

ACTION REQUESTED:

Authorize staff to enter into a contract with the Change Center for Health.

AGREEMENT

This Agreement is made and entered into this 1st day of July, 2017, by and between the **North Little Rock Wastewater Treatment Committee (“NLRWWTC”)** for and on behalf of the **North Little Rock Wastewater Utility (the “UTILITY”)** and **Change... Center for Health**.

RECITALS

1. **THE “UTILITY”** desires to obtain the services of **Change... Center for Health**, on an independent contractor basis, upon the terms and conditions as hereinafter stated.
2. **Change... Center for Health** desires to provide health care services to the “UTILITY.”

NOW, THEREFORE, in consideration of the foregoing, of the mutual promises, herein contained, and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, do hereby agree as follows:

RESPONSIBILITIES AND DUTIES OF **Change...Center for Health**

Change... Center for Health agrees to provide sufficient health care providers to perform the following for approximately 95 “Utility” employees:

Perform pre-employment physicals for newly hired employees, voluntary, and routine mandatory physicals for designated employees. Physical examinations will be done on request by the “Utility” according to the North Little Rock Wastewater Treatment Committee’s “Standards for the Job”, including functional requirements and environmental factors.

- a) Maintain documentation of appropriate immunizations on all employees according to OSHA, City and State Health Department Standards. Yearly flu vaccine injections will be highly encouraged and provided on a voluntary basis.
- b) Provide first aid and health care for those with on-the-job injuries or illness through **Change...Center for Health**.
- c) Work in collaboration with the “Utility” to monitor and conduct employee screening for illegal drugs.

COVERED SERVICES: The following services will be provided by **Change... Center for Health**. These services are provided only to FULL-TIME “UTILITY” employees at no charge to the employee. Part-time employees will be seen at no charge while on duty at a North Little Rock office. Part-time employees will be charged for all other services.

Pre-employment physical exam

Annual physical exam for full-time employees

Department of Transportation (DOT) physicals

Routine Office Visits for full-time employees

Workers Compensation visits

First-Aid

Annual Exams for Women

Yearly Lab Tests: CBC with diff, Comp 14, Lipid panel, TSH, PSA (men 45 and over), Hemocult (if medically necessary), HgbA1c (if medically necessary), PAP, Urinalysis, Vitamin D, 25-OH

*Fit for duty exams will be billed to NLRWWTC.

Immunizations/Vaccinations

- TB-skin test (for required personnel)
- Flu Vaccine
- Pneumonia (as recommended by CDC for age 65+)
- Tetanus (when indicated)

CONTRACT PAYMENT

This contract will be for the period July 1, 2017, through June 30, 2018. During this period **NLR Wastewater Utility** will pay **Change... Center for Health** for services rendered under the terms of this agreement on a monthly basis of \$3251.50 (three thousand two hundred fifty-one dollars and fifty cents), due by the 20th day of the month prior to the month of service, beginning on the twentieth day of June, 2017. The monthly rate is based on 95 employees. Should the monthly **NLR Wastewater Utility** employee count increase, the contract will be adjusted accordingly. This agreement covers only services provided at **Change...Center for Health**.

TERMS AND TERMINATION

- A. Either party may terminate this agreement upon 180 days written notice to the other party.
- B. This contract will be reviewed on an annual basis with options for re-negotiation of services and costs.

MISCELLANEOUS

- A. No term or provision contained herein may be modified, amended or waived except by written agreement of the parties.
- B. Neither party may assign this agreement without the prior written consent of the other party.
- C. The parties understand and agree that if any provision of this agreement contravenes any state or federal laws or regulations, any **Change... Center for Health** procedure or policy, or any other law, such provision shall be null and void; provided however, that the remaining provisions of this agreement shall remain in full force and effect.
- D. This agreement shall be subject to and governed by laws of the State of Arkansas.
- E. Communications related to this agreement shall be in writing, and shall be delivered to:

The North Little Rock Wastewater Treatment Committee addressed or delivered in person to:

Marc Wilkins, Director
North Little Rock Wastewater Utility
P O Box 17898
North Little Rock, AR 72117-0898

Change Center for Health
Debra S. Velez, MNsc, APN
500 S. University Ste 321
Little Rock, AR. 72205

- F. This document constitutes the entire agreement of the parties and supersedes all other prior agreements, or other written, with respect to the subject matter contained herein. In witness whereof, the parties have executed this agreement effective as of the day and year aforesaid.

MORGAN MAUMELLE WASTEWATER PROJECT/ANRC GRANT

We have received a request to waive connection fees and White Oak Basin fees for qualified LMI customers within the “Morgan Maumelle Wastewater Project/ANRC Grant” area.

A map of the White Oak Basin and a copy of the request from Mayor Watson are attached.

Following is a projection of the amounts being requested for waiver:

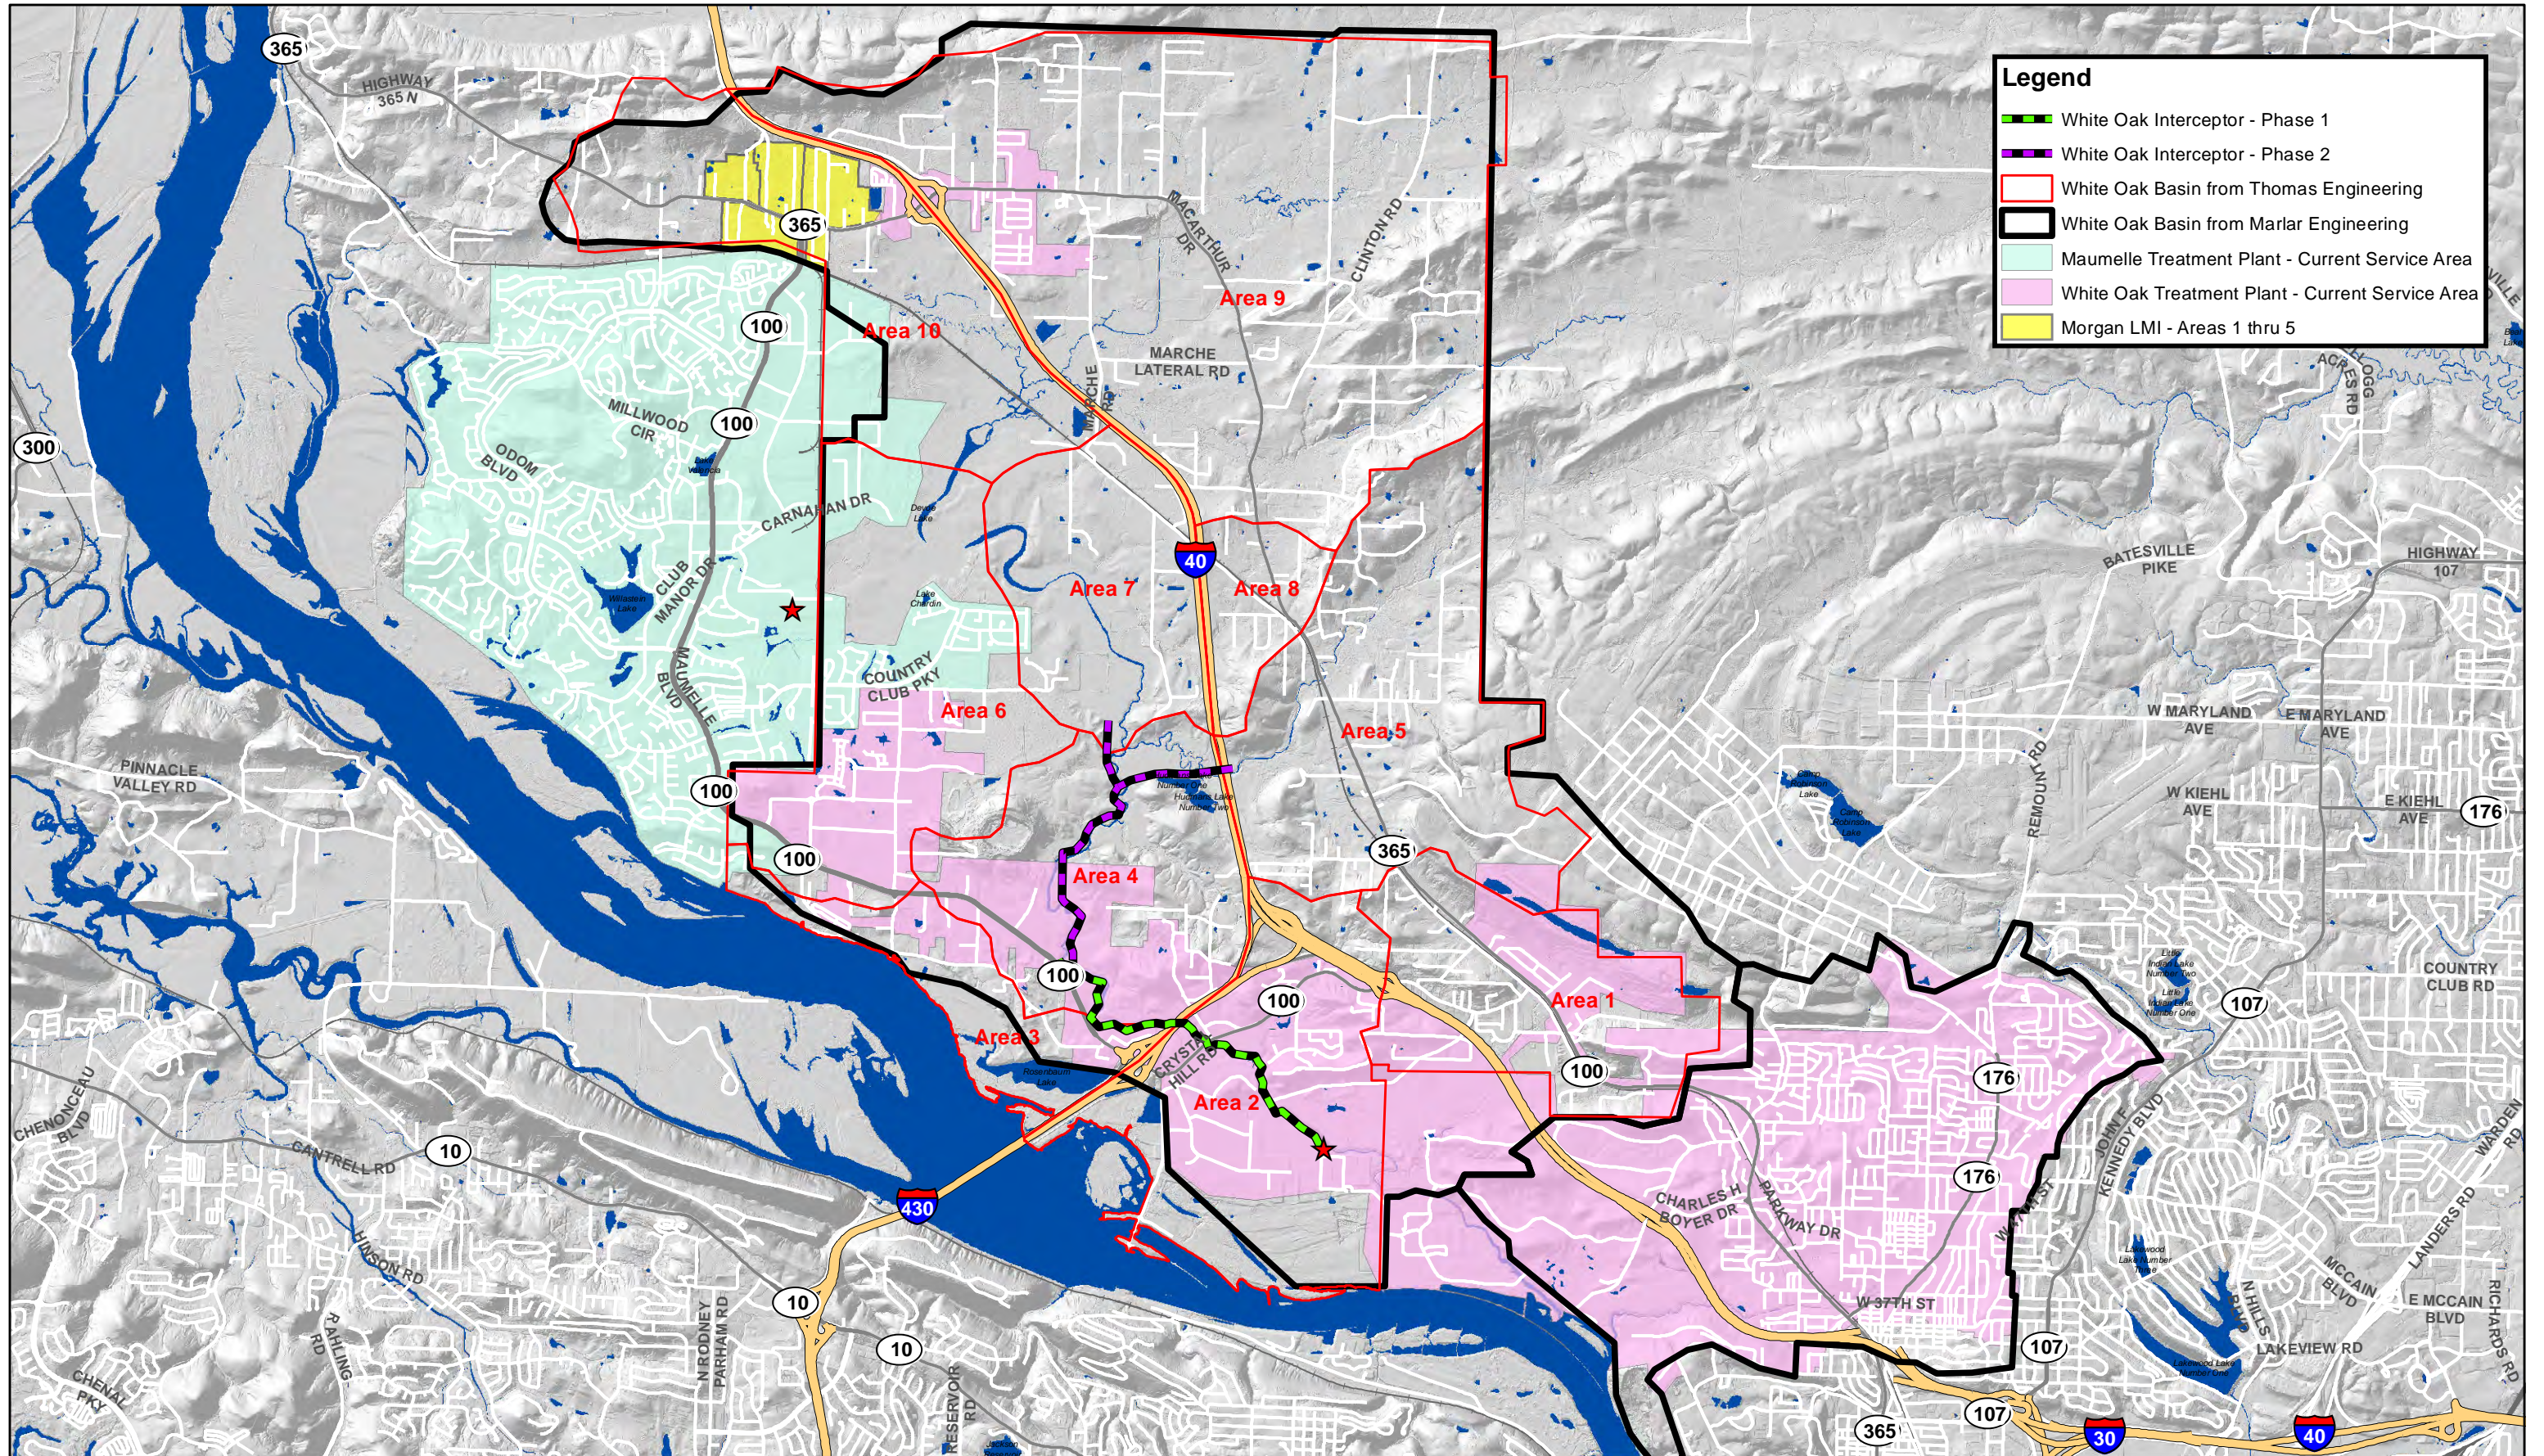

Residential Connection Fee = \$100/household
White Oak Basin Fee (Residential) = \$280/household
117 customers < #Qualified LMI < 173 customers
(51%) (75%)

# LMI Customers	Connection Fee (\$)	WO Basin Fee (\$)	TOTAL (\$)
117	\$11,700	\$32,760	\$44,460
173	\$17,300	\$48,440	\$65,740

ACTION REQUESTED:

Consider the request.

North Little Rock, AR 72117-0898

Re: Morgan Maumelle Wastewater Project /ANRC Grant

Dear Chairman Matthews and Commissioners:

The City of Maumelle, in conjunction with Pulaski County, is applying for the Arkansas Natural Resources Commission (ANRC) grant to extend sanitary sewer services to an area directly north of Maumelle along each side of Highway 365. This will serve an area of the county that is currently on septic systems. The grant is based on serving an area that has at least 51% of the residents qualifying as Low to Moderate Income (LMI).

The new sanitary sewer would gravity flow to a new lift station that would discharge into the existing sanitary sewer lines operated by NLRWW in Maumelle. We have discussed this project in detail with Mr. Marc Wilkins and Mr. Michael Clayton. The estimated number of new customers for NLRWW would be 230 in a project area of approximately 330 acres.

Since this project would be funded with grant monies and the majority of the residents are qualified as LMI, we request that any connection fees be waived for the customers that qualify under the LMI requirements. This waiver would only apply during the initial construction of the project, thereby incentivizing the residents to tie into the sanitary sewer. We also request that the Commission waive any acreage fees for the White Oak Basin for the customers that qualify under the LMI requirements. Again, this would be only during the initial construction portion and would only apply to residential customers and not commercial properties.

Thank you for your time and consideration. Please let me know if you have any questions or need additional information.

Sincerely,

Michael Watson
Mayor

Cc: Marc Wilkins
Eric Holloway

(6)

EPOXY REHABILITATION PROJECT 2017

Hydrogen Sulfide gas and moisture are almost always present near the influent of sewage treatment facilities. Sulfur reducing bacteria use the hydrogen sulfide gas for food which creates sulfuric acid as a by-product. The end result is corrosion of the concrete structures at the head of the treatment plants.

Staff identified the following structures in need of rehabilitation due to hydrogen sulfide corrosion: Faulkner Lake Influent Wetwell (built 1965), Five Mile Bar Screen Structure and adjoining manholes (built 1971), and White Oak Flow Division Box (built 2009). The rehabilitation will involve high pressure washing, application of a cementitious primer/filler and application of an epoxy protective coat.

Staff received bids for the Epoxy Rehab 2017 Project on May 30, 2017 (bid tab attached). The low bid was submitted by ICM Technologies, Inc. of Jacksonville, AR in the amount of \$118,895.

The 2017 budget includes \$120,000 for this item.

ACTION REQUESTED:

Authorize staff to enter into an agreement with ICM Technologies, Inc. of Jacksonville, AR in the amount of \$118,895 for the Epoxy Rehab 2017 Project.

(7)

FAULKNER LAKE CLARIFIER VALVE PROJECT

The Faulkner Lake Wastewater Treatment Plant has two final clarifiers constructed in 1977 with 25-foot deep drain valves. The valves are located in a highly congested area below the water table and the design engineers failed to provide a means of accessing these valves for maintenance. The valves are now in their failure stage. In 2001, final clarifier #3 was installed in a similar manner.

Staff designed an access valve vault to be constructed in a central location where all three drain pipes intersect at a cross. New drain valves will be installed within this single vault. This will allow for access for future maintenance on all three valves. The old valves will remain in place in the open position.

Staff received bids and J.R. Fox Company, Inc. was the sole bidder at \$129,018. This item is included in the 2017 Budget in the amount of \$120,000.

ACTION REQUESTED:

Authorize staff to enter into an agreement with J. R. Fox Company, Inc. of Little Rock, AR in the amount of \$129,018 for the Faulkner Lake Clarifier Valve Project.
