Youth Leadership

About Our Program

The program focuses on personal leadership skills as well as sessions designed to better acquaint students with learning how local businesses work and make decisions to be their best. The program is designed to encourage young people to make North Little Rock their home and be active participants in the community as adults.

Program

Youth Leadership

What's Included

First Semester: 3 full day sessions with a partner meeting in the morning, followed by lunch and a second partner meeting in the afternoon. Students will visit with each partner and learn about the business. They will have a chance to conduct a Q&A session with each partner to learn more about **challenges and opportunities** for growth.

Second Semester: 2 full day sessions to select teams, develop team roles, work on plan for solution with industry partner, and practice pitches. The final session will include a live pitch challenge, followed by graduation.

What are the

Benefits of Participating

In addition to learning valuable skills, participants have opportunities to make contacts with business leaders that may be beneficial during job searches and other community activities after graduation. As students gain new awareness about local business acumen, they often discover ways to become more involved in community service. The Chamber of Commerce believes that the North Little Rock Youth leadership program also has long-term benefits to the community by identifying emerging leaders and encouraging their early involvement in community and civic affairs.

What are

The

Expectations
