I am good.

I just wanted to let you know that the leaf truck workers and i think 3 city workers were a big help to me this morning. I was out there raking leaves when I saw the truck in my area. The leaf truck workers must have felt sorry for me and a blue city truck with 3 workers came out and helped me rake my leaves to the curb. They were such a big help and I wanted to tell you how much of a blessing they were to me!!
