Dear Mayor Hartwick;

On September 21st, 2023, North Little Rock Code Enforcement Officer Timothy McEuen began an investigation into 4409 Coral Street due to observed conditions of the structure. Officer McEuen verified the structure was vacant so he performed an exterior inspection. I observed damage to the roofing, siding, soffit, and fascia.

Oct 2023 I received a call from Mrs. Prather regarding the notices that she received. She was going to speak to the neighbor about purchasing the property. She was also thinking about demoing the structure herself, to-date the status of the structure is unchanged.

On September 25th, 2023, Officer McEuen posted a *Notice of City Council* hearing on the property, and mailed them out to all known owners and heirs. To date, the property is still in the same condition it was when the investigation began.

The condemnation proceedings were started due to the condition of the structure. Owners and/or heirs and all interested parties were given notice for the City Council hearing for March 25th, 2024. Notices were mailed by certified and regular mail, legal notice ran in the newspaper, and were also posted on the property.

This property constitutes a public nuisance; it is considered to be unfit for human habitation, it is the recommendation of the North Little Rock Code Enforcement Department that this structure be considered for condemnation.

Timothy McEuen
Code Enforcement Officer
