

RESOLUTION NO. ____

A RESOLUTION WAIVING FORMAL BIDDING REQUIREMENTS AND AUTHORIZING PAYMENT TO HENDERSON SPECIALTIES, INC. FOR THE PURCHASE OF REPLACEMENT TRASH RACKS FOR THE MURRAY HYDROELECTRIC PLANT; AND FOR OTHER PURPOSES.

WHEREAS, Ark. Code Ann. 14-58-303 requires City purchases exceeding the amount of \$35,000 to follow statutory procedures of local advertisement and opening of sealed bids which may only be waived in exceptional situations where bidding is deemed not feasible or practical; and

WHEREAS, the Murray Hydroelectric Plant (“Hydro Plant”) is in need of replacement trash racks, which are used to block floating debris from entering storm water and wastewater systems; and

WHEREAS, the trash racks must be manufactured specifically for the Hydro Plant and are desperately needed to continue efficient operations; and

WHEREAS, Henderson Specialties, Inc., 2008 East 2nd Street, Russellville, Arkansas 72801, is familiar with the Hydro Plant operations and is able to complete the project quickly; and

WHEREAS, the cost of the project is One Million One Hundred Twenty Nine Thousand Two Hundred Ninety and 53/100 Dollars (\$1,129,290.53).

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NORTH LITTLE ROCK, ARKANSAS:

SECTION 1: That formal bidding is hereby waived in connection with the purchase of replacement trash racks for the Murray Hydroelectric Plant

SECTION 2: That One Million One Hundred Twenty Nine Thousand Two Hundred Ninety and 53/100 Dollars (\$1,129,290.53) of the cost shall be paid from the 2024 Electric (Hydro) Department budget.

SECTION 3: That this Resolution shall be in full force and effect from and after its passage and approval.

Jackie Halsey
City of NLR Electric

24 Trash Racks
HSI Proposal No: 0224125

Dear Mr. Halsey

Henderson Specialties, Inc. is pleased to submit this proposal to manufacture 24 new trash racks for the Murray Hydro-Power Plant. HSI will build new trash racks to specs according to drawings # E1, E2, 1,2, and 3 supplied by city of NLR electric. The only change to the drawing specs is the main tubing will be constructed of 6x18 tube instead of 4x18 tube due to 4x18 tubing is not longer available.

All weld connections will be with E 70-T1 wire, racks will be 2-part cold tar epoxy. Racks will be epoxied after the manufacturing process is fully complete.

The price includes all materials, labor, and equipment necessary for the manufacturing process. Also, the price will include shipping all 24 racks to Murray Power Plant.

The price does not include equipment to off load racks at Murray Power Plant. Price also does not include any taxes where applicable.

The price for this project is \$1,129,290.53. This is good for 15 days due to increasing material cost. We look forward to working with you on this project. If you have any questions, or need any further information, please contact us at 479-967-3235.

NOTES:

1. **Our proposal is valid for 15 days from the date of the proposal.**
2. **Our proposal does not include the crane.**
3. **Our proposal does not include any permits or sales tax; these are the responsibility of the owner.**
4. **Items not listed in scope of work are not included in this project.**
5. **Electrical – by others.**
6. **Quoted prices and delivery are based on raw material price and availability at the time of the issuance of a purchase order. Your order price and delivery are subject to revision based upon any changes in raw material prices and/or availability that are outside our control.**

Sincerely

Micheal Henderson
Project Manager
