The meeting came to order at 2 PM. A quorum was present.

A request from the Argenta Downtown Council for \$6,990.00 for plants for downtown planting was discussed. The available balance from the City Beautiful Commission is \$4,418.00. It was pointed out that that available balance would be close to the purchase price of the tulip bulbs for downtown. Chris Kent said they would be able to use the available balance in their planting program.

Susan Langley moved to approve the ADC application for \$4418. Betsy Davies seconded the motion and it passed unanimously.

The meeting adjourned at 2:15 PM.
