The pay schedule and any other benefits with a retroactive date will be effective on the dates so indicated. GRIEVANCE PROCEDURE

SECTION 1. The Union or any employee may file a grievance within thirty (30) days of said occurrence, as hereinafter defined, and shall be afforded the full protection of this Memorandum of Understanding.

SECTION 2. Any controversy or dispute between the City and the Union or any employee concerning the interpretation, enforcement, or application of any provision of this Memorandum of Understanding, or any interpretation, enforcement or application of the Rules and Regulations of the North Little Rock Fire Department may be an occurrence giving rise to a grievance which shall be settled in the following manner:

STEP 1: An employee shall, with or without the Union Representative, first discuss a grievance with the employee's immediate supervisor outside the Bargaining Unit after consulting with his/her Captain in an attempt to reach a satisfactory solution. In this step, it is not mandatory that the grievances be written, the supervisors are encouraged to counsel with the employee and with their supervisors in their review and handling of the situation. The supervisor's decision shall be orally made to the employee and the Union representative within five (5) business days. The majority of grievances should be resolved at this step.

If the employee's supervisor or Captain as outlined above is directly involved in the grievance in a manner deemed unfavorable to the employee, the employee shall discuss the grievance with the next-level supervisor following the chain of command.

STEP 2: If the grievance is not settled by the provisions of STEP 1, it shall be submitted in writing on the appropriate form within ten (10) business days from the receipt of the supervisor's response in STEP 1 to the Union Grievance Committee, as provided for in the Union By-Laws.

Within ten (10) business days of receipt of the Grievance, the Union Grievance Committee shall determine, in their discretion and judgment, whether or not a grievance exists as defined in Section 2 above.

(a) If the Union Grievance Committee finds a grievance does exist, the procedure of STEP 3 shall apply.

(b) If the Union Grievance Committee finds a grievance does not apply, the employee may within five (5) business days, at his/her option, proceed to appeal the committee's decision to the Union body by filing written notice of the appeal with any Executive Officer of the Union. The appeal shall then be presented for consideration at the next regular Local Meeting in which a quorum is present; a vote of three-fourths (3/4) of the present membership in favor of the grievance shall constitute a reversal of the Committee's finding, indicating that a grievance does exist. The procedure of STEP 3 shall then apply within a timeframe established from the date of the Local Meeting in which the Grievance is upheld.

A specific grievance issue which has been deemed not to exist by the Union Grievance Committee and which has further failed in the above appeal process shall be considered to have exhausted all due process with respect to the Grievance Procedure of this Memorandum.

(c) Matters that must be resolved outside the Fire Department effecting a general problem area may proceed directly to STEP 3.

STEP 3: If the Union Grievance Committee and/or the employee forwards the grievance within five (5) business days to the Fire Chief for settlement, the grievor and the Fire Chief, or his designee, shall have a right to conference at this Step, at which the employee shall have the right to a Union Representative of his/her choice. The Mayor has the right to be present. The Fire Chief, or his designee, shall submit his answer, in writing, to the employee involved and the Union Grievance Committee within ten (10) business days.

STEP 4: If the matter has not been resolved at Step 3, the grievance and the response of the Fire Chief may be submitted to the Mayor for final administrative determination which will be submitted to the employee, fire chief, and Union Grievance Committee. If the issue is not resolved at this step, it may then be submitted to mediation or arbitration, provided the City is allowed by law to submit to arbitration, within twenty (20) business days for final settlement as follows:

- (1) The mediation/arbitration proceedings shall be conducted by a mediator/arbitrator to be selected by the City and the Union within seven (7) days after notice has been given. If the parties fail to select a mediator/arbitrator, the Federal Mediation and Conciliation Service shall be requested by either or both parties to provide a panel of five (5) mediators/arbitrators. Both the City and the Union shall have the right to strike two (2) names from the panel. The party requesting mediation/arbitration shall strike one name first and the other party next. The process will be repeated, and the remaining person shall be the mediator/arbitrator. In successive mediation, the City and the Union will alternate in striking first.
- (2) The City and Union agree to mediate in good faith to reach an amicable resolution to the grievance. Should it be found lawful for the City to engage in arbitration, the findings of the arbitrator shall be final.
- (3) The cost of the mediator/arbitrator shall be shared equally by the City and the Union. The City will share equally in incidental mediation/arbitrator expense. Should either party desire a transcript of the proceedings, it shall be made available to the other party and the mediator/arbitrator without charge.

SECTION 3. The Union President, or his/her authorized representative, may report an impending grievance to the Fire Chief in an effort to forestall its occurrence.

ARTICLE 7

MEET AND CONFER

SECTION 1. The City and Fire Fighters Local No. 35 agree to meet at least three (3) times annually at a mutually convenient time to discuss any and all subjects of concern to the Fire Fighters Local No. 35, the North Little Rock Fire Department or the City, together with any other matters which may improve the relationship between the City and its employees. Individual grievances will not be dealt with in these meetings. The meetings shall be held during normal working hours on the City's premises without loss of pay to the employees involved.

SECTION 2. The City and Local 35 agree to limit the number of representatives to meet and confer sessions to not more than three (3) participants each.

SECTION 3. Such meeting will normally be conducted by the Fire Chief or his designated representative. The Mayor or his designee will be invited to participate.

SECTION 4. The agreement to meet may be indefinitely suspended if both the Union and the North Little Rock Fire Department or the City agree that such meetings are unnecessary at the time. Either of these agencies at any time during the term of the Memorandum may unilaterally withdraw the agreed suspension, at which point the meetings will resume as per Section I of this Article.

ARTICLE 8

IMPASSE PROCEDURES

In the event of an impasse in negotiations between the City and the Union, both parties will appeal to the Federal Mediation voluntary resolution of the impasse. The appeal will be made within three (3) days after either party notifies the other than an impasse exists.

If an impasse continues fifteen (15) days after mediation, either party may, by written notice to the other, request fact finding. The fact finding procedure shall be conducted by a Fact Finder to be selected by the City and the Union within seven (7) days after notice has been given.

If the parties fail to agree on a Fact Finder, the Federal Mediation and Conciliation Service shall be requested by both parties to provide a panel of five (5) Fact Finders. Both the City and the Union shall have the right to strike two (2) names from the panel, and the remaining person shall be the Fact Finder.

The Fact Finder shall transmit his/her findings of fact and any recommendations for the resolution of the dispute to both parties within ten (10) days after he/she is selected. If the dispute remains unresolved five (5) days after the transmittal of findings of fact and recommendations, the Fact Finder shall publish the findings of fact and any recommendations for public information. The cost of the Fact Finder shall be shared equally by the City and the Union.

ARTICLE 9

The City agrees that departmental rules and regulations which affect this Memorandum shall be subject to the meet and confer sessions. New rules, or changes in rules, shall be sent to each fire station by e-mail. A paper copy of the proposed rule change will be sent to each fire station in conjunction with the e-mail. The copy may be sent through the Department's weekly mail delivery. Copies of all rules and regulations that are in effect shall be maintained in a Department-furnished binder at all fire stations.

ARTICLE 10

UNION BUSINESS

With the consent of the Fire Chief, employees designated by the elected or acting Union President shall be granted time off to perform union functions on an event-specific basis, including but not limited to attendance at conventions, conferences and seminars, without loss of pay not to exceed 33 total tours of duty for all union members. A tour of duty is one 24-hour shift for 56-hour personnel or one 8-hour workday for 40-hour personnel. The members of the Union Executive Board (President, Vice President, and Secretary-Treasurer) shall be allowed to attend the regular monthly union meeting while on duty without the loss of pay provided there is manpower available.

ARTICLE 11**DUTIES OUTSIDE THE SCOPE OF FIRE FIGHTING**

The City agrees that employees of the Fire Department shall not be used to perform any duties except as outlined in their respective Job Class Specifications and/or Departmental Rules and Regulations as approved by the Civil Service Commission and City Council. In no case will any member of the Union be required to perform any duty outside the scope of firefighting which would conflict with the interest of any other labor organization.

ARTICLE 12**PROFESSIONAL STANDARDS**

The Chief of the Fire Department and the Local Union shall each select four (4) representatives to serve as the Professional Standards Committee. This committee will establish a standardized training program that will be administered to all new firefighters. The committee will also ensure that this standardized training is continually updated to meet the highest standard of fire protection and EMS care possible. These professional standards will also be used in determining if a probationary fire fighter has acquired the necessary knowledge, skills, and physical ability to achieve a permanent appointment as specified in the Civil Service rules and Regulations. It is further agreed that the City will provide the facilities and resources needed to conduct both the physical and academic training that is required by these standards.

An incumbent of a position in the North Little Rock Fire Department established prior to the adoption of any new professional standard shall be considered qualified and eligible for progression in accordance with the standards.

ARTICLE 13**WORK SCHEDULE**

Employees will be assigned to either 24 or 8 hour shifts depending upon the job assignment. Twenty-four hour shift workers will work a schedule of 24 hours on duty followed by 48 hours off duty. In the designated 14-day cycle, these employees will be scheduled to work either 4 (96 hours) or 5 shifts (120 hours). Eight-hour shift workers will work 5 days on and 2 days off for a total of 80 hours in the 14-day cycle. In the event of emergencies, exigencies, or changing workload demands, work hours may be extended or adjusted with as much notice as reasonably possible and practical under the precipitating circumstances. Employees must make themselves available for call back to duty in accordance with fire department policy and directives.

ARTICLE 14

WORKING OUT OF CLASSIFICATION

Employees assigned to temporarily perform the duties of a higher rank shall receive the pay and benefits of the beginning salary for the higher rank or position. The higher compensation shall begin with the first full work shift. Employees who do not wish to temporarily perform the duties of a higher rank will not be required to do so, unless no other on-duty personnel are available to work out of class.

ARTICLE 15

RIGHT OF ACCESS

Union officials shall have access to enter Fire Department facilities for the purpose of conducting official business. Such right of access shall not interfere with normal departmental operations. The Union shall be allowed the use of Fire Station No. I for its regular and special meetings.

The Executive Committee of Local No. 35 will have direct access to the Chief of the Department and to the Director of Personnel of the City for such matters that are official Union business, by appointment only.

ARTICLE 16

SAFETY AND EQUIPMENT

SECTION 1. Safety and Equipment Committee. There shall exist in the North Little Rock Fire Department a Safety and Equipment Committee composed of seven (7) members. Three (3) members shall be appointed by the Fire Chief, two (2) member appointed by the Union Executive Committee, one (1) member shall be elected by the Minimum Standards Committee, and the Safety Director for the City of North Little Rock. The Committee shall be responsible for making recommendations to the Fire Chief regarding safety practices involving personnel and equipment. The Committee shall also be tasked with the creation of a written recommended apparatus and equipment replacement plan. The Committee shall meet at least quarterly and shall keep accurate records of the meetings. A written copy of records made from such meetings and recommendations shall be furnished to the Union office, the Fire Chief, and to the Mayor. The Fire Chief agrees to provide a written response to the Safety and Equipment Committee, the Union office, and to the Mayor within a timely manner.

SECTION 2. Span of Control. The city will attempt within available financial resources to maintain a tactical span of control not to exceed 7 (seven) direct subordinates during non-emergent operations, and not to exceed 5 (five) direct subordinates during emergency operations.

ARTICLE 17

INCLEMENT WEATHER

Effort will be made to avoid non-essential, non-emergent activities. Including but not limited to fire hydrant testing, fire hose testing, routine inspections or building and ground maintenance during extreme weather conditions. Extreme weather conditions shall include when temperatures reach a wind chill of 40 or lower, or a heat index of 95 or higher.

Whereas certain types of training may require operating outside of this range, such training shall be considered exempt from this article.

ARTICLE 18

LIVABLE WORK AREA

The City will maintain fire stations in a manner that will afford safe and sanitary living areas. The living areas of fire stations will be maintained in accordance with the City Minimum Housing Codes. Stations shall be free of insects, rodents and exhaust; living areas (bedrooms, offices, kitchens, baths and study rooms) shall have thermostatically controlled heating and cooling.

The City shall provide, without cost to the employees on duty, adequate parking space adjacent to all fire stations and fire department facilities.

ARTICLE 19

VACANCIES

Vacancies in the firefighting ranks shall be anticipated by the City so that the Department of Personnel will be able to maintain promotional eligibility lists and new hire lists as specified by State and Civil Service law.

If a fire fighter serves in a continuous acting capacity and is subsequently promoted on a permanent basis, such fire fighter's date of rank shall commence from the date of the acting promotion. Continuous acting capacity will begin on the first shift in which the employee works in the acting rank or position. Time off for vacation, personal leave, traded time, and/or sick leave, whether excused or unexcused, will not interrupt this continuity unless the total shifts off exceeds the prior total of shifts served in the acting rank or position. A date of rank extension based on serving in acting capacity shall only exist for the purpose of establishing the date from which the employee is considered to have been promoted with regard to pay scale. It shall not be cause for adjusting any wages that have already been paid to the employee, nor shall it disqualify any existing probationary period associated with being promoted to the given rank.

ARTICLE 20

TRADING TIME

Employees shall have the right to exchange time with qualified employees with supervisory approval when the change does not interfere with the operation of the fire department. The time exchange is an agreement between two employees and is not subject to overtime payment.

ARTICLE 21

OVERTIME

SECTION 1. Scheduled Overtime. The City has chosen a 14 day cycle as provided by the Federal Fair Labor Standards Act (FLSA) for the payment of overtime. Non-exempt employees assigned to 24-hour shifts will normally be scheduled to work 96 hours or 120 hours within the 14 day cycle. The PISA requires overtime payment for hours worked in excess of 106. Only hours actually worked are included in the calculation for this overtime. The overtime payment will be made in the first pay period following the end of the 14 day period. The scheduled work hours for employees assigned to 40 hour per week assignments is 80 hours per 14 day cycle.

SECTION 2. Non-Scheduled Overtime. Employees who work hours in excess of their regularly scheduled work hours within a 14 day pay period will be paid overtime compensation. For purposes of determining non-scheduled overtime eligibility, vacation, bereavement leave, personal leave, union time and compensatory time taken shall be counted as time actually worked. Payment will be included in the payroll for the pay period in which the overtime was worked.

- (a) Call back. All employees who are called back for duty after having been off duty and away from the assigned duty station for more than 15 minutes shall be paid a minimum of 4 hours overtime.
- (b) Holdover. All employees who are required to work past their normal relief time after working a full shift shall be paid overtime in 15 minute increments. Partial increments will be rounded to the nearest quarter hour.
- (c) Overtime shall be paid when employees are required to report for administrative purposes, training, meetings, to appear in court, or when subpoenaed for Civil Service Commission hearings on departmental business during off duty hours.

SECTION 3. No Duplication of Payment. Overtime cannot be for paid for both regular overtime and scheduled overtime for the same hours.

SECTION 4. Overtime Rate. The overtime rate is calculated by combining the employee's annual base salary, longevity pay, educational incentive pay, and 40-hour worker pay, if applicable; then dividing that sum by 2920 for 24-hour shift employees and by 2080 for 40 hour per week employees; and then multiplying that result by 1.5.

SECTION 5. Compensatory Time. An employee may elect, with pre-approval of the fire chief and in accordance with department policy, to receive compensatory time in lieu of monetary payment for non-scheduled overtime worked. Compensatory time will be awarded at the rate of one and one-half hours for every hour worked in non-scheduled overtime status. Employees may not accumulate more than 240 hours of compensatory time.

SECTION 6. Non-emergency overtime shall be by voluntary sign up. Overtime shall be on a seniority basis. The volunteer list shall be on a rotating basis. The employee who volunteers with the most seniority in the rank to be filled shall be given first choice. If no volunteer can be found then an inverse order of seniority shall be used. The inverse order list will be reset on the first day of every odd-numbered month.

ARTICLE 22**HOLIDAY EQUALIZATION PAY**

Because of the nature of the work, holidays off cannot be afforded uniform fire employees. Employees will be paid an additional amount equal to the employee's daily base pay for each holiday declared by the City. The payment will be added to the pay for the pay period in which the holiday occurs.

ARTICLE 23**AUTHORIZED LEAVE**

Employees may be granted on-duty time by the Chief of the Department to attend meetings and other activities deemed beneficial to the Department and the City, examples of which are:

1. Schools and seminars on firefighting practices.
2. Retirement meetings. These include seminars, meetings, conferences and conventions or other opportunities to gather or exchange information about retirement.
3. Healthcare Provider meetings. These include any meeting involving the Municipal League, the Wellness Center, or any other City healthcare provider.
4. Legislative hearings and legislative committee meetings which concern the Fire Department and the State and local laws governing it.
5. Any other functions which would serve to the benefit of the North Little Rock Fire Department and its employees as determined by the Chief.

No employee should be held responsible for any time he/she lost for these functions or be required to furnish relief personnel to attend these functions.

ARTICLE 24**PERSONAL LEAVE**

Each employee will be granted paid personal leave time in addition to vacation leave as follows:

<u>Continuous years of service</u>	<u>24-hour shift employee</u>	<u>8-hour shift employee</u>
2-4 years	24 hours	8 hours
5-9 years	48 hours	16 hours
10-19 years	72 hours	24 hours
20 years or more	96 hours	32 hours

Personal leave time will be earned on January 1st of each year based on the employees' years of service on that day. However personal leave will not be accrued and considered available for use in the employees' leave bank until the pay period following January 1st each year. Leave balances for employees

moving between 24 hour and 8 hour shift assignments will be adjusted by dividing the 24 hour balance by 3 and multiplying the 8 hour balance by 3. Personal leave time must be used by December 31st and may not be carried over from one calendar year to the next.

Personal leave days will be selected by advance bidding. After vacations have been selected, each fire fighter will be given the opportunity to bid on which days he/she wants to use as personal leave days. The fire fighters will select by seniority by crews, each person selecting one day before anyone selects a second day. Once the days have been selected and confirmed, no employee will be allowed to bump another. However, a fire fighter may change his/her day if it does not conflict with the vacation or personal leave day schedules that have been selected.

ARTICLE 25

SECTION 1. Annual Leave Amounts Vacation leave will be awarded bi-weekly in conjunction with pay periods at a rate that results in the total leave granted as stated below:

Leave accrual rates will be adjusted to the appropriate rate for the shift configuration.

SECTION 4. Vacation Shift Selection Vacation shifts (for 56-hour employees) or days (for 40-hour employees) will be selected by seniority. No employee will be denied his/her choice due to another employee's mandatory scheduling (new employees, military leave, etc.),

SECTION 5. Separation of Employment Upon separation from employment, accrued vacation leave time will be paid in a lump sum at the employee's base rate of pay at the time of separation.

ARTICLE 26

MEDICAL INSURANCE

SECTION 1. Group Plan. The City will make available group health/medical insurance coverage for the employee and the employee's family. The City will subsidize the cost of the insurance coverage as follows: If the total monthly premium for medical insurance does not exceed \$467 for individual plans and 65% of the cost for family plans. If the total monthly premiums exceed these amounts, the increased cost will be paid by the employee. Provided, however, that the cost to the employee will not increase by more than 9% of the total premium cost in any calendar year.

ARTICLE 28

SICK LEAVE

SECTION 1. Leave Benefits. Employees will be granted paid sick leave equal to 20 work shifts per year. Sick leave will be accrued bi-weekly in hours coinciding with the pay periods.

Sick leave may be used for the employee's medical, dental, and optical exams when the appointments can't reasonably be made during off-duty times, but only for the time necessary to complete the exam. Any additional sick time requested outside of the time necessary to perform the exam will require written documentation from the medical provider stating the employee is medically unable to work and the date the employee may return to duty. Sick leave may be taken in one hour increments.

The Family Medical Leave Act (FLMA) may apply to sick leave usage. The FMLA provisions are covered in an executive order.

Work-related injuries or illness may not be charged to the accumulated sick leave of the employee.

SECTION 2. Family Illness. Subject to limitations, sick leave may also be used for serious illness of a member of the employee's immediate family (spouse, children, mother, father, mother-in-law, and father-in-law) and the presence of the employee is reasonably required for the care of the family member. When scheduling cannot reasonably be done during off-duty hours, employees may use sick leave to accompany children under the age of 18 to medical, dental, and optical exams, but only for the time necessary to complete the exam. The use of sick leave for these purposes may not exceed 72 hours for 24-hour shift workers and 40 hours for 8-hour shift workers in a calendar year.

SECTION 3. Leave Accumulation. Unused sick leave may accumulate up to a maximum of 2,160 hours (90 days) for 24-hour shift employees and 1,584 hours (198 days) for 8-hour shift employees. If an employee moves to an 8-hour shift position from a 24-hour shift position, total accumulated sick leave shall be adjusted by multiplying the total accumulated hours by .73334. If a 40-hour worker transfers to a shift position, total accumulated sick leave shall be multiplied by 1.36364.

SECTION 4. Catastrophic Leave Bank. The City and Local 35 will work jointly to establish and implement a paid leave bank for employees who suffer a catastrophic illness and/or catastrophic injury and have exhausted their available leave time. The leave bank will be funded by employee sick leave that exceeds the accumulation limits established above.

SECTION 5. Sick Leave Abuse. Sick leave is a benefit provided by the City to protect employees from financial loss in the event of illness and should not be viewed as additional discretionary paid time off work. Sick leave is not additional discretionary paid time off from work and should not be viewed as so. Using sick leave as discretionary paid time off is a form of sick leave abuse and may be considered fraud against the city. Abuse of sick leave could result in disciplinary action up to and including termination.

When the employee is absent two (2) consecutive tours of duty or more (for 40-hour employees it shall be after the third tour of duty), he/she will be required to provide medical evidence of his/her inability

to work, and the date that he/she may return to work, before being allowed to report back for duty. During an extended illness, it is the responsibility of the employee to ensure that his/her supervisor is informed and kept current of his/her status.

Employees are expected to be available for work during all scheduled hours unless a medical condition occurs or an emergency occurs beyond their control. A pattern of regular absence from work, an employee taking more than five (5) random tours of duty in a calendar year without written documentation from a medical provider, may be considered abuse of sick leave. A pattern is defined as something that happens in a regular or repeated way.

When the actions of an employee or a pattern of sick leave use indicates abuse, the Fire Chief or his designated representative may require the employee to have a complete fitness for duty medical examination performed by a medical provider selected by the City. The physical or fitness for duty examination, if required, shall be done while the employee is on duty and at the City's expense. The employee shall also be required to provide written documentation from a medical physician for any subsequent illness occurring within the following 120-day period after the fifth (5th) day taken off for sick leave or after being notified that a pattern of sick leave abuse has been established. The physician statement for each absence shall include, dates of treatment, anticipated length of absence, and a statement releasing the employee back to work. When an employee is being investigated for sick leave abuse, management will meet with the employee to give them an opportunity to provide documentation to support sick leave usage.

Exception. Absences or tardiness designated as FMLA leave shall not be counted in the number of sick leave absences for purposes of calculating sick leave abuse.

Extra Employment. An employee may not work any extra employment for an outside employer, or self-employment during hours off for sick leave.

Department Head Authority. When the pattern of an employee's sick leave use indicates abuse, the Fire Chief or his designated representative shall be authorized to:

- Verify the necessity of all claims of temporary incapacity personally, either by telephone or home visit. The employee shall be available by phone or home visit during sick leave.
- Take disciplinary action, including discharge, when the employee has the ability to correct the abuse of sick leave but fails to do so.

SECTION 6. Sick Leave Retirement/Death Payout. Upon separation after at least 10 years of continuous service, retirement or death while in service, the employee will be paid for unused sick leave at the employee's final base rate of pay as follows:

Employees will be paid for up to 1,440 hours at the employee's base hourly rate, not to exceed an amount equal to 3 months base salary.

Employees with at least 20 years of continuous service will be paid for up to 2,160 hours at the employee's base hourly rate not to exceed an amount equal to 4.5 months base salary.

For purposes of this bonus, 8-hour shift employees' final accumulated sick leave will be adjusted in accordance with the procedures set out in section 3 above.

For the purpose of this benefit, retirement means separation from employment and eligibility to immediately begin receiving retirement benefits from a City sponsored fire employee retirement program.

SECTION 7. Sick Leave Bonus. After the maximum allowed accumulation of sick leave has been reached, compensation for sick days accrued above the maximum during a calendar year, up to 20 days, shall be paid as follows:

0 - 3 days taken	\$10.00 per day
4 - 6 days taken	\$ 5.00 per day
7 or more	\$ 0.00 per day
