**COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)
NOTICE OF FUNDING AVAILABILITY (NOFA) – PROGRAM YEAR 2023
APPLICATION INSTRUCTIONS**

- Issue Date: December 16, 2022
- Application Due Date: January 31, 2023

GENERAL INFORMATION

1. **SUMMARY:** This NOFA announces the availability of funding under the Community Development Block Grant (CDBG), which is authorized by Title I of the Housing and Community Development Act of 1974, Public Law 93-383, as amended.

The City of North Little Rock Community Development Agency (CDA) is seeking applications for the 2023 funding cycle. Applicants must be capable of providing eligible public service activities that will help the City meet the needs of its community and achieve the goals and objectives listed in the CDA's Five Year Consolidated Plan 2021-2025:

www.nlr.ar.gov/communitydevelopment

2. **OBJECTIVE:** To fund CDBG-eligible activities, provided by community-based non-profit organizations that implement programs to improve the general health and well-being of **low to moderate income citizens** in North Little Rock.

Funds available under this NOFA are subject to the requirements of the amended CDBG regulations located at 24 CFR Part 570. The subrecipient shall also certify to compliance with the applicable provisions in 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards, and other applicable federal requirements. You can view 24 CFR Part 570 regulations here:

<https://www.hudexchange.info/programs/cdbg/cdbg-laws-and-regulations/>

3. **FUNDING PRIORITIES:** Submitted applications should demonstrate achievement of performance measures (as indicated in the *Scope of Grant Activities* section), along with the goals and strategies outlined in the Five Year Consolidated Plan 2021-2025. There is a need for services which **address and promote healthy lifestyles, educational enhancement, and social development for low to moderate income populations, including at-risk youth, elderly, special needs, and homeless.**

Please note:

- To qualify for application, organizations must have a minimum of one year of 501(c)(3) nonprofit status **and** a minimum of one year experience providing a CDBG-eligible activity.
- If you are a startup organization or program, the City is unable to fund an activity until it shows viability and capacity. An activity cannot be dependent solely on CDBG funding—it must have other funding sources and be financially stable without CDBG funding.

SCOPE OF GRANT ACTIVITIES

1. **CDBG PROJECT ELIGIBILITY:** Proposed activities must be consistent with the CDA’s Five Year Consolidated Plan 2021-2025. This is a housing and community development plan which serves as the planning and application process for the Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) federal formula grants awarded to the City by the U.S. Department of Housing and Urban Development (HUD). The Plan identifies priority housing, non-housing services, homeless services, public services, economic development, and strategies to address needs of low to moderate income persons. The Five Year Consolidated Plan 2021-2025 is available at: www.nlr.ar.gov/communitydevelopment
2. **HUD NATIONAL OBJECTIVES:** Pursuant to 24 CFR 570.208, all activities funded through CDBG must demonstrate that the activity meets at least one of the HUD CDBG national objectives:
 - Activities benefiting low and moderate income persons
 - Activities which aid in the prevention or elimination of slums or blight
 - Activities designed to meet community development needs having a particular urgency (referred to as “urgent need”)

PLEASE NOTE: For the purpose of this NOFA, the only applicable national objective is an activity benefiting low and moderate income persons.

3. **CDBG ELIGIBLE ACTIVITIES:** Federal regulations define the parameters for using CDBG funds according to the National Objectives. They also specify eligible program activities. A link to CFR 24 Part 570 regulations is listed on page 2 under *General Information - Objective*. You can also view HUD’s Guide to National Objectives and Eligible Activities for CDBG Entitlement Communities here:

B. As part of the City of North Little Rock’s Fit2Live initiative, the CDA is committed to assisting and encouraging citizens, employees, organizations, businesses, schools, etc. to adopt healthy lifestyle choices. All applications should address at least one of the following categories to show how your organization has incorporated one or more of these activities into your program:

- Healthy Lifestyles
- Childhood Obesity
- Healthy Foods and Nutrition
- Exercise
- Wellness

4. **PERFORMANCE MEASUREMENT OBJECTIVES:** HUD has implemented a mandated system of reporting performance measurements. All of the activities funded must identify one of the three performance measurement objectives. These performance measures include:

- Creating a suitable living environment (this objective relates to activities that are designed to benefit communities, families, or individuals by addressing issues in their living environment)
- Creating decent housing (this objective covers activities related to affordable housing, such as down payment assistance or closing cost assistance)
- Creating economic opportunities (this objective applies to activities related to economic development, commercial revitalization, or job creation)

5. **PERFORMANCE MEASUREMENT OUTCOMES:** HUD provides three performance measure outcomes to further refine the activity’s objective. These outcomes define the expected result of the objective of your project. ***Please note: all recipients funded under this proposal will be required to provide performance measurement data in order to be reimbursed for eligible expenses.***

- **Availability/Accessibility:** This outcome category applies to activities that make services, infrastructure, housing, or shelter available or accessible to low and moderate income people, including persons with disabilities. In this category, accessibility does not only refer to physical barriers, but also to making the affordable basics of daily living available and accessible to low and moderate income people.
- **Affordability:** This outcome category applies to activities that provide affordability in a variety of ways in the lives of low and moderate income people. It can include the creation or maintenance of affordable housing, basic infrastructure hook-ups, or services such as transportation or daycare.
- **Sustainability:** This outcome applies to activities aimed at improving communities or

neighborhoods, helping to make them livable or viable by providing benefits to low and moderate income people, or by removing or eliminating slums or blighted areas, through multiple activities or services that sustain communities or neighborhoods.

6. **INCOME ELIGIBILITY CRITERIA:** CDBG-funded activities must benefit persons whose annual income does not exceed 80 percent of the median income for the area as determined by HUD, with adjustments for smaller and larger families. The current income limits are listed below, but limits are updated annually:
